

# Romulus Goodfellows launch yule paper sale

By HENRY CANTIN

The Goodfellows Association of the City of Romulus will hold its annual newspaper sale drive on Friday and Saturday of this week.

More than 50 volunteers will become newsboys during the two-day campaign in making sure that the Goodfellows' goal of "No Kiddy Without a Merry Christmas" becomes a reality.

City officials, police and firemen, civic leaders and prominent businessmen will be among the volunteers who will take to the city's major streets and intersections in a sales drive to sell 3,000 copies of the Romulus Roman.

The Goodfellows will be selling papers at all local

Friday from 3 to 7 p.m. on Saturday the Goodfellows will be selling papers throughout the city from 1 to 5 p.m.

The Goodfellows' financial goal this year has jumped from \$1,500 to \$2,000. The 1971 goal is higher than last year due to the anticipated increase in the number of needy families, announced John VanStipdonk and Fred Williams, co-chairmen of this year's Goodfellows newspaper campaign.

"The greater the contributions by the good citizens of Romulus, the greater the coverage of needy families will be," VanStipdonk stated.

Approximately 400 needy children from the Romulus area are in need of help in making their 1971 Christmas a merry one.

Last year's Goodfellows newspaper sale assisted about 100 families.

Members of the Romulus Jaycees, and Kiwanis and Rotary clubs will again assist the Goodfellows in their efforts to reach the goal of bringing Christmas happiness and cheer into the homes of Romulus' needy.

The recipients of the Goodfellows will receive food baskets and certificates for clothing. Children will receive toys.

The distribution of the certificates for clothing will be mailed or delivered no later than Dec. 18, VanStipdonk stated.

The names of those who are aided by the Goodfellows are furnished by the Wayne County Welfare Department, ad-

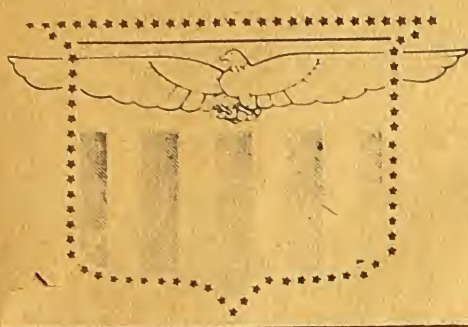

ministrators and counselors from both public and catholic schools and citizens.

An investigation and screening of recipients is made by a Goodfellows board prior to presentation of any assistance.

Those who may know of any needy family are urged by the Goodfellows to call the city clerk's office with the name, address and other pertinent information. Also mention if the children in the family are boys or girls.

No matter how small the contribution is when buying your Goodfellows Newspaper, it will aid greatly in reaching this year's goal.

Other contributions of checks can be sent to the Romulus Goodfellows, Romulus Post Office.

IT'S GOODFELLOWS TIME AGAIN — Romulus Goodfellows will repeat the above scene many times over this weekend when the annual Goodfellows newspaper sale will be under way throughout Romulus. The Goodfellows' motto is "No Kiddy Without a Merry Christmas," and every contribution, no matter how small, will help greatly in assisting Romulus' needy families. Attorney William Mosher was caught by our camera man selling issues of the Romulus Roman during last year's newspaper sale.

### County police issues road patrol issue temporarily

A technical matter stalled off-only temporarily--the county's plans to charge townships without their own police protection for road patrol service provided by the Wayne County Sheriff's Department.

In Thursday's Board of Commissioners meeting the issue was sent back to the special subcommittee on the county budget after one

### PCHA won't pay Parraghi's bill from election suit

The Peoples Community Hospital Authority (PCHA) Thursday night voted to refuse to pay a \$3,000 bill submitted by the attorney for Elmer Parraghi, Sumpter Township representative, for his services in a law suit against the authority which he lost recently.

The PCHA received a bill for \$3,272.04 — \$3,071.25 for legal expenses and \$200.79 for personal expenses — last Friday from Henry Zaborowski, Sumpter township attorney. Zaborowski represented Parraghi, Sumpter Township supervisor, in his suit against Donald J. Pizzimenti, authority chairman, for failure to call a special meeting for the purpose of electing new board officers.

The Wayne County Circuit Court dismissed the case, and the Michigan Court of Appeals last Monday upheld the circuit court's ruling.

The PCHA board voted 25-6 to refuse to pay the bill, with six members wanting the item referred to the finance committee for study.

#### Decorating contest slated

The Huron Township Jaycees are sponsoring their annual Christmas decorating contest on Friday, Dec. 17.

A \$25 bond and a plaque will be presented to the best decorated home or place of business. Project chairman for the event is Jerry Luczak.

## County OK's special school millage vote

By HENRY CANTIN

The Wayne County Elections Commission has approved the scheduling of a special millage election requested by the Romulus Board of Education.

The special election will be held on March 13. The school board authorized the referendum at a November board meeting.

The school district's electorate will be asked to approve a 10-mill renewal levy that is expiring with this year's school property tax levy.

The expiration of the 10 mills comprises approximately \$1.5 million to the operating budget of the school district, or 25 per cent of the total current budget. The school district's current mills are \$2.70 per \$1,000 of assessed property valuation, state equalized. The school district also assesses three mills for debt retirement.

School Superintendent Robert L. McConeghy and members of the school board have all urgently requested voter approval of the 10-mill renewal levy.

McConeghy reported that the 10 mills takes care of all of elementary teachers' salaries.

"We are using every cent of our current budget of \$5.7 million to make ends meet this year, and we can't afford to give up the \$1.5 million these 10 mills raised for the school district," McConeghy said.

"Unless the voters renew the 10-mill levy, the school district faces teacher layoffs, plus cutbacks in various educational programs or half-day sessions next year," he added.

The school board, when authorized the special millage election, held up any decision to include a bond issue on the same ballot.

McConeghy had made a presentation outlining the urgency of renewing the levy

and had requested school board's direction as to the district's classroom construction needs.

Bond proposals for school construction were defeated by the voters in June and April of last year by a 2-1 margin. As

a result of the voters' rejection, the school district finds itself with one vacant classroom and none under construction, McConeghy reported.

He said that because of the defeat, the school district is "at least two years behind in

school construction. The need is becoming crucial."

The superintendent disclosed that every classroom in the district is filled and two portable classrooms are being added to the junior high school.

The proposed bond issues were to finance the construction of two elementary schools, one junior high school, five additions and to make repairs. School enrollment jumped by 500 students this year over the 1970-71 school year.

## Fire demolishes house; family loses everything

A fire of unknown origin being investigated completely destroyed the home of a Romulus widow, mother of five children.

The fire broke out in the utility room of Mrs. Morrill's one-story frame residence located at 7330 Hollywood St., Romulus, at 5:30 a.m. last Friday. No one was hurt. Mrs.

Morrill and her children escaped from the burning dwelling. The children were taken in by neighbors after the blaze and are presently staying with relatives in Saginaw. Although Mrs. Morrill has been staying in a nearby motel, she got her family into the Niagara Motel on Merriman.

When word of the tragedy reached some of Mrs. Morrill's neighbors, a campaign for funds, clothing and household items was started.

The children are badly in need of clothing, it was reported. The family lost everything it owned in the fire.

Mrs. Morrill's sister, Mrs. Joanne White of 26431 Trowbridge (telephone 278-9205), is assisting in the drive for funds, clothing and household goods. Neighbors have collected \$20 so far.

The Romulus Jaycees have promised a donation. The Helping Hand Thrift Shop telephoned and offered Mrs. Morrill girls' clothing items which are available at the shop. Any donations of clothing to the family can be kept at the shop until Mrs. Morrill can find a place for herself and family.

Ten-year-old Barbara, who was to participate in her Girl Scout investiture last night (Tuesday) at the Gordonier Elementary School, lost her Girl Scout uniform and handbook in the fire, but the scouts got together and bought her new ones for the ceremony.

One of the scout's mothers has donated coats for each member of the family.

The persons who can be reached for donations are: Mrs. Nancy Cribbs, 7291 Kempa St., Romulus, phone 729-3302.

Mrs. Nina Muse, 72550 Kempa St., Romulus, phone 721-7392.

Mrs. Margaret Thacker, 7270 Kempa St., Romulus, phone 729-1531.

The family is desperately in need of mattresses and a refrigerator.

For those who wish to donate clothing for the children, Jerry Lynn wears size 11 or 12 (women's); James size 16; Barbara size 12-14 in children's sizes; Ruth Mary, size 10 and John size 8 or 10 in children's sizes.

Santa will also present a personal gift to all the children who visit him.

### Will finance trip

## Paper drive big success

A paper drive contest, sponsored by the Romulus Junior High School eighth grade art club, has been so successful that it has outgrown the storage space allotted for it and threatens to overflow into the hall and down the steps.

And, it still has one day to run before the project ends tomorrow (Thursday).

The project, headed by Mrs. Linda Jones, art teacher and club sponsor, is among several fund raising events planned by the club to finance its annual trip. It will also earn the winning homeroom an after-school Christmas party that will feature games, food and music.

Last year's group made an overnight trip to Cedar Pointe — this year's destination is yet to be decided.

"We try to take the kids some place where they haven't been before. Maybe we will go to Washington, D.C. or Chicago, where they can visit some art museums," said Mrs. Jones.

Meanwhile, junior high school students continue to scour their neighborhoods for papers to try to win the party.

A progress report issued Friday shows Bob LaChance's room leading with 3,712 pounds, Rod Hanna's room is second with 3,548 pounds. Charles Kidwell's and Susan Honeck's rooms tally 3,188 and 1,826 pounds respectively.

A complete school take-over by old newspapers has been averted through the use of a large van-type trailer parked behind the school.

# New cubmaster joins Romulus Pack 1739

Cub Scout Pack 1739 held its November meeting at the Harrison Elementary School, Romulus, led by the new cubmaster, Dennis Kidder. A new cubmaster was one reason for the boys to give thanks, since they had been without one since July. Cubmaster Kidder gave some of the boys another reason for giving thanks with the introduction of the pack's newest den mother, Mrs. Claudette Pingilly, who has taken over two combined dens, now known as Den 1 and 3.

The following awards were given out: Bobcat rank to Randy Jernigan and David Starnes; two-year pin to John Gendron; Citizenship Webelos Award to Donald Gregory,

Randy Jernigan, Mike Parson, Jim Aalbertsberg, David Starnes, Den Cox, David McCallum and Mike Strader. David McCallum also received Webelos badges for Aquanaut and Outdoorsman. Den 1 and 3 had two boys elected as leaders, Greg Atherton, who received his Denner bars and Kyle Krueger, who received assistant Denner bars. After the awards, the dens exhibited what they had done or learned during the month of November, which had as its theme "Our Pilgrim Fathers."

Den 2 displayed an early American colonists village, completely made by the boys in miniature with popsicle sticks the basis for all

buildings, sign posts and activities in the village. This was followed by Den 1 and 3 putting on a skit relating to the search for and eventual finding of a new den mother for their den.

A film complete with sound track was then shown by the cubs of the Webelos den, which they had made during the month, depicting various aspects of the citizenship badge they had been working on.

The scouts of Boy Scout Troop 1739 then took over for part of the meeting to conduct a graduation ceremony for a Webelos Cub who had turned 11 years old and was graduating into the scout troop. An Indian Dance and Ceremony was conducted as Cub Dean Cox graduated into a Boy Scout.

Before the meeting was closed announcements were made, including the progress of the cubs on their recent selling campaign to raise money for their pack. They are in the progress of selling personalized address labels to the families in the area and will be doing so during December.

Any boys or adults interested in the cub scout program are asked to contact cubmaster Kidder at 941-4672 or den leader coach Lucy Kline at 941-5677. Adult volunteers are especially needed in order to accommodate the many boys ages 8 through 10 who wish to become cubs.

## No official ordered red drapes covered mayor

A letter addressed to the editor and appearing on the editorial page of the Dec. 1 issue of the Belleville Enterprise drew a sharp reply

Monday from Mayor Royce E. Smith of Belleville.

The letter, signed by Rochele and Wanda of Belleville, complained about an alleged telephone call their landlord received from a city official regarding red drapes and two women had purchased and hung in their apartment.

They reported they had bought two red throw rugs from the rented apartment and after saving money for some time, bought the red drapes to match the rugs.

"Now we are told that we either buy white window shades or the red drapes will have to come down. We aren't trying to be obstinate in any way. We are very easy going people. But we just don't have the extra money for the white

shades," their letter said.

The two women, who are mothers stated in the letter that if the person (city official) who called would purchase the white shades, they would be more than happy to hang them.

Mayor Smith reported Monday that a personal poll of city officials disclosed that no one made such a call or issued such orders.

"Why, it is the most asinine thing I ever heard in my life," the mayor said. "No city official would make such a call or issue any such order. We have no right to tell people what color their curtains are or will be or what color to paint their house or even what car they should drive," Mayor Smith stated.

### Parent 'frightened' about drugs at Huron

To the editor:  
Dear Weeping Parent:  
The answer to all your questions is yes, it is true, pills were passed out in the halls of Huron. That is just one of many incidents in our schools.

You ask, do parents care? Last year one young man was hospitalized from an over-dose of LSD. Not many parents were shaken.

Then a young student teacher instructed her class on how to get rid of (POT) if they were attending a party and it was raided. Only five mothers made a complaint on this matter. Then came the rumor that marijuana was being grown at school. Not one parent asked questions. What do you think? Do the Parents care?

If the parents in the Huron School District are an example of parents across America, God help our children. We parents supply our children with all material needs and call ourselves good parents and consider the job well done! Have we done a good job? As parents don't we owe more to our children than material needs?

Let me ask you "Weeping Mother," when did you become interested? When it was laid at your doorstep? Is this the only way that parents will be awakened? Don't bother to call the administration for answers. They say we have no drug problem in Huron, or if you push the subject a little, they will admit to one or two heroin users.

How can we feel so secure with tragedy knocking on so many doors?

You say your child wouldn't become involved. Go ask the police, they are running in circles trying to cope with the problem. They can't do it alone.

Let me ask you, do you attend Parent-Teacher conferences? That is a disgrace, it's about time we do our job and let the teachers do theirs. Make the teachers accountable for a good education, not for baby-sitting. Administration, school board, teachers and parents have failed our children. I do care, but I am also:

Frightened!

### Huron principal responds to letter

To the editor:  
I wish to comment on a "Letter to the editor" in your paper on Dec. 1, concerning student scheduling, the drug problem in the high school and an assembly held on Nov. 5.

Just prior to the opening of school in September, changes in the schedule had to be made in order to keep expenses in line with the budget. This made it necessary to drop some classes and reschedule others. At that point, time did not permit a re-run of student schedules before school began.

Shortly after school started, it was necessary to make additional schedule changes in order to comply with the contract between the teachers and the school district. While some students could not be graded, others were not, due to an oversight of the faculty.

There is a problem with drugs in our community as there is in all communities. Even if only one student were taking drugs, it would be a problem.

It is not my place to leave an administrative problem to be a definite purpose behind a series of the type held that day were becoming a problem. It was necessary to determine if they would be coming. The only way this determination could be made was to give students the choice they were given. Since that time we have had three assemblies and all three have worked out very well.

### School tax statements being prepared

The Wayne County and Romulus school tax statements for the year of 1971 have arrived at the Romulus City Hall and are being prepared for mailing by Dec. 15, Albert Glinki, Romulus City treasurer, announced Monday.

Glinki reported that the Wayne County millage rate is \$7.17 per \$1,000 of assessed property valuation, state equalized, and the Romulus School District millage is \$31.18 per \$1,000 of assessed property valuation, state equalized.

These taxes may be paid at the city treasurer's office, located at 11111 S. Wayne Rd., Romulus, at any local bank in Romulus or at the Wayne Bank in Wayne.

Frank Schnur, Fordham's soccer coach, is a native of Austria. He's a German instructor at the school.

### state assessor test

G. Elton Gollwitzer, Van Buren Township supervisor, has received word that he has passed an examination and test for Property Assessor Level One.

The State Assessors Board Lansing, notified Gollwitzer by letter last week from John M. LaRosa, coordinator of the State Assessors Board.

Under a new state law, if township supervisors are not qualified as assessors through state examinations,

the state assessor's office approves tax assessor rolls set up by the townships with the assistance of the Wayne County Tax Assessment Board.

Gollwitzer attended recent sessions of a property assessor's school held in Ann Arbor. The school covered a five-day period.

Under township law, the supervisor must be a certified property assessor.

## PTA adopts new method of voting

A new method of voting was adopted by the Romulus Area PTA Council at its meeting Tuesday, Nov. 30, held at Hayti Elementary School, Romulus.

With all local units represented except Gordonier and Romulus Elementary, it was decided that each unit must submit a list of appointed delegates and their alternates. In the future, issues requiring a vote will be decided following a two-minute caucus among unit delegates, who will cast one final vote on roll call. Matters that cannot be

decided by a three-fourths majority among units will be returned to local membership for decisions.

In other business, a nominating committee was selected. Those who will choose a slate of delegates for election at the March meeting are Mrs. Gloria Chandler, Mrs. Mary Ann Treder, William Johnston, Perry Gray and Fouad Berry.

The next area council meeting will be on Jan. 25 at Merriman Elementary School, 15303 Merriman Rd., Romulus.

## PCHA won't pay Parraghi's bill

(Continued from Page 1) Charles D. Cozadd, counsel for the authority, said he felt that since Parraghi lost the case, there was no way the authority could be made to foot the bill. He added that "if any costs are awarded, they should be awarded to us."

Salisbury's request for referral was voted down, and

a voice vote supported Rev. Heidmann's move for denial. Zaborowski's letter, dated Nov. 23, itemized the \$200.79 per month from June through October, charging \$3,071.25 for the legal brief, appeal brief, motion for immediate hearing and oral arguments in appeal court.

## Permit issued for apartments

A building permit for the construction of Romulus' newest apartment complex, the Morgan Manor Apartments, has been issued by the Romulus Building Department.

The building permit is for the construction of the first five buildings now under way on the west side of S. Wayne Road between the I-94 Expressway and Wick Road and near the Romulus Senior High School.

The five buildings have an estimated construction cost of

\$1,137,000 and will contain 156 apartment units.

Three of the buildings will have 36 apartment units and two of the buildings will have 24 units. There will be four efficient apartments, 53 one bedroom apartments and 99 two bedroom apartments. There will be parking spaces for 337 cars.

The building permit fee amounted to \$4,548.

The developer of the new apartment complex is Mel Morgan, 36680 McBride, Romulus.

## Skating party set

The Girl Scouts of Junior Troop 620 of the Hayti Elementary School area will hold a skating party tomorrow (Thursday) at the Mayflower Roller Rink at Eureka and

Middlebelt roads.

The party, which will be held between 6 and 9 p.m., will cost \$1, which includes skate rental.

**FIRE DESTROYS BARN** — Romulus firemen fight a blaze that destroyed an abandoned barn, located on Ecorse Road, east of Wayne Road in Romulus. The fire is under investigation, Romulus Fire Chief Joseph Crova announced. The

chief issued a warning to residents to heed fire prevention rules and regulations, especially during this Christmas season. Several recent Romulus fires could have been prevented if fire prevention rules were adhered to, he said.

## County postpones patrol issue

(Continued from Page 1) a contract between the county and Romulus, which will pay \$378,000 for the first year.

Several commissioners appear to have questions concerning whether or not the county can legally send a bill to the townships without a contract.

he questioned what authority the board has to bill the townships.

Richard E. Manning (D-19th), chairman of the subcommittee which proposed the plan, said he didn't believe the county actually could charge for "rendering a service that constitutionally must be rendered." Manning said he hoped an agreement could be worked out, adding the smaller communities should bring their police services up to the standards of the others which provide their own police protection.

Commissioner Paul Silver (D-11th) charged that the communities which are threatening to sue if the county agrees to bill "don't have the right to expect free police protection." He said he felt that if Detroit could spend thousands of dollars a year on its police force, then other communities should be forced to pay for their own.

Silver said he felt many members of the communities not paying anything now were financially more capable of paying for it than a lot of Detroit residents.

A group has been formed called the Western Wayne County Supervisors Association which has threatened to sue as soon as the county begins billing for such service. The group contends county taxes are paying for the road patrol service.

## Romulus resident killed when car hits abutment

A Romulus man was killed Saturday when his car hit the road and hit a bridge abutment in the township.

Funeral services for the man were held at 10 a.m. Saturday in St. Anne's Catholic Church, Detroit. Burial was in the same cemetery.

Morales is survived by his wife, Nancy, and four children, Ralph, Mele, Pancho and John; his parents, Mr. and Mrs. Melesio Morales Sr.; two brothers, Jesus and Rudy; a sister, Beatrice.

Funeral services will be held at 7 p.m. Monday at the Brundage Funeral Home, 539 W. Grand Blvd., Detroit.

### Dog licenses now available

The 1972 Romulus dog licenses are now available and may be purchased at the city's treasurer's office, located at 11111 S. Wayne Rd. City Treasurer Albert Glinksi announced Monday.

The dog tag may be purchased now or before March 1, 1972. The fees are \$1.50 for male or unsexed dogs

and \$2.50 for female dogs. All dogs who are six months of age must be licensed.

Wayne State University's punters have out-kicked their foes (average yards per kick) in each of Coach Vern Gale's six years at the helm by margins ranging from 6.1 to 0.4 yards.

# Land transportation is advantageous

By WILLIAM FAUST State Senator 13th District

"Once man knows what is inevitable and what is desirable, he can proceed to find a realistic future for his cities . . . which would take into consideration the inevitable system and try to introduce the desirable qualities."

—Constantinos Doxiadis

"Emergence and Growth of an Urban Region," Part III

Imagine a national transit system, connecting Chicago to Detroit to Port Huron to other major metropolitan cities, traveling at speeds of about 250 m.p.h.

Or, if it now takes you about 35 minutes to get home from work, imagine going to Toledo, Jackson, Flint or Port Huron from Detroit in the same amount of time.

These are just two of the possibilities suggested by Dr. Constantinos Doxiadis in his study for the Detroit Edison Co., "Emergence and Growth of an Urban Region."

A dream? Perhaps. But so was going to the moon.

Those convinced that men now live the best life possible should read no further. For fatalists, plans such as those developed by Doxiadis, TALUS and SEMTA are simply fairy tales.

But it is history which shall write the epilogue to current planning efforts to bring mass rapid transit to Michigan.

Perhaps that epilogue shall say these plans are dust catchers, just as many plans, developed years ago, are today. Such an epilogue is simply written. It is written by silence and inaction.

People can write a different epilogue, however; and

(EDITOR'S NOTE: This is the second in a series of three articles, written by Senator William Faust whose 13th District includes Westland, Wayne, Garden City, east Inkster, Romulus, Van Buren, Huron and Canton, on mass rapid transportation in Michigan.)

epilogue which says "this time" a real mass rapid transit system emerged from a stack of papers.

Today, the most talked about mass rapid transit system proposal is one developed by the Southeast Michigan Transportation Authority (SEMTA), which was created by the Michigan legislature in 1967 and given the power to plan, acquire, construct, operate and contract for transportation facilities within the counties of Wayne, Oakland, Monroe, Washtenaw, St. Clair and Macomb.

SEMTA has proposed construction of a rapid rail transit line, stretching along Woodward from downtown Detroit to the Michigan State Fairgrounds near Eight Mile Road and eventual extension of the line to Pontiac.

According to a SEMTA publication, "the people of Michigan can expect ground breaking to occur in the summer of 1973, with the grand opening of the Woodward Line following the summer of 1976, our nation's 200th birthday...if everything goes according to plan."

Construction of the initial stage of the line will cost \$315 million, requiring an annual budget of \$75 million between 1972 and 1975.

SEMTA officials claim Michigan has an excellent chance of qualifying for a Federal program which would fund two-thirds of the cost if the remaining one-third share (about \$25 million annually) can be raised at the regional and state level from 1972 to 1975.

One of the reasons why Woodward Avenue was selected as the first route for a high-speed under-ground rapid transit system is that it has been the main artery through southeastern Michigan since the beginning of the century.

Underground stations along the route will be heated and air conditioned and the downtown station will have passenger distribution systems featuring underground walkways, moving sidewalks or other means to take passengers to their final destination.

Ample parking facilities will be provided in suburban areas and at some city stations, but where lots are implausible, riders will be able to walk or ride by SEMTA operated buses to the 12 planned stations.

"This means riders can expect to make a trip from Eight Mile Road to downtown Detroit in just 13 minutes!"

While the SEMTA plan is very specific in nature - proposing a definite mass rapid transit line, both the Detroit

Transportation and Land Use Study (TALUS) and the Urban Detroit Area (UDA) research project are more general, giving a broad perspective of mass rapid transit for Southeast Michigan.

The UDA plan, developed by Dr. Constantinos A. Doxiadis for the Detroit Edison Co., envisages a future transportation system which will not ever begin to become innovative until about 1985.

The most startling element in the transportation system projected by Doxiadis is a national transit system, built on the basis of an 18 by 18 mile grid and utilizing mass-transport non-personal vehicles, which would travel at speeds of about 250 m.p.h. and connect Chicago to Detroit to Port Huron to other major metropolitan areas.

Doxiadis says that such a land transportation system will offer several advantages, in addition to a decrease in traveling time, such as:

- An increased capacity to serve much larger person flows without congestion;
- drastic reductions in the level of air pollution and sprawl;
- better service for both drivers and non-drivers;
- reduction of accidental rates due to increased automation.

(Next: TALUS and present legislative consideration of mass rapid transit financing.)

## Non-students need registration drives

Since the passing of the amendment allowing 18-to-21-year-olds voting rights in all elections, young voter registration drives have centered primarily on college and high school campuses in an attempt to get young people politically mainstream.

Certainly, we have seen varying degrees of success, locally as well as across the country. The aims of the drive are commendable. Students deserve enfranchisement and should be registered.

We wonder, however, if an equally large and as important a segment of the 18-21 population is being ignored by the campus organizers?

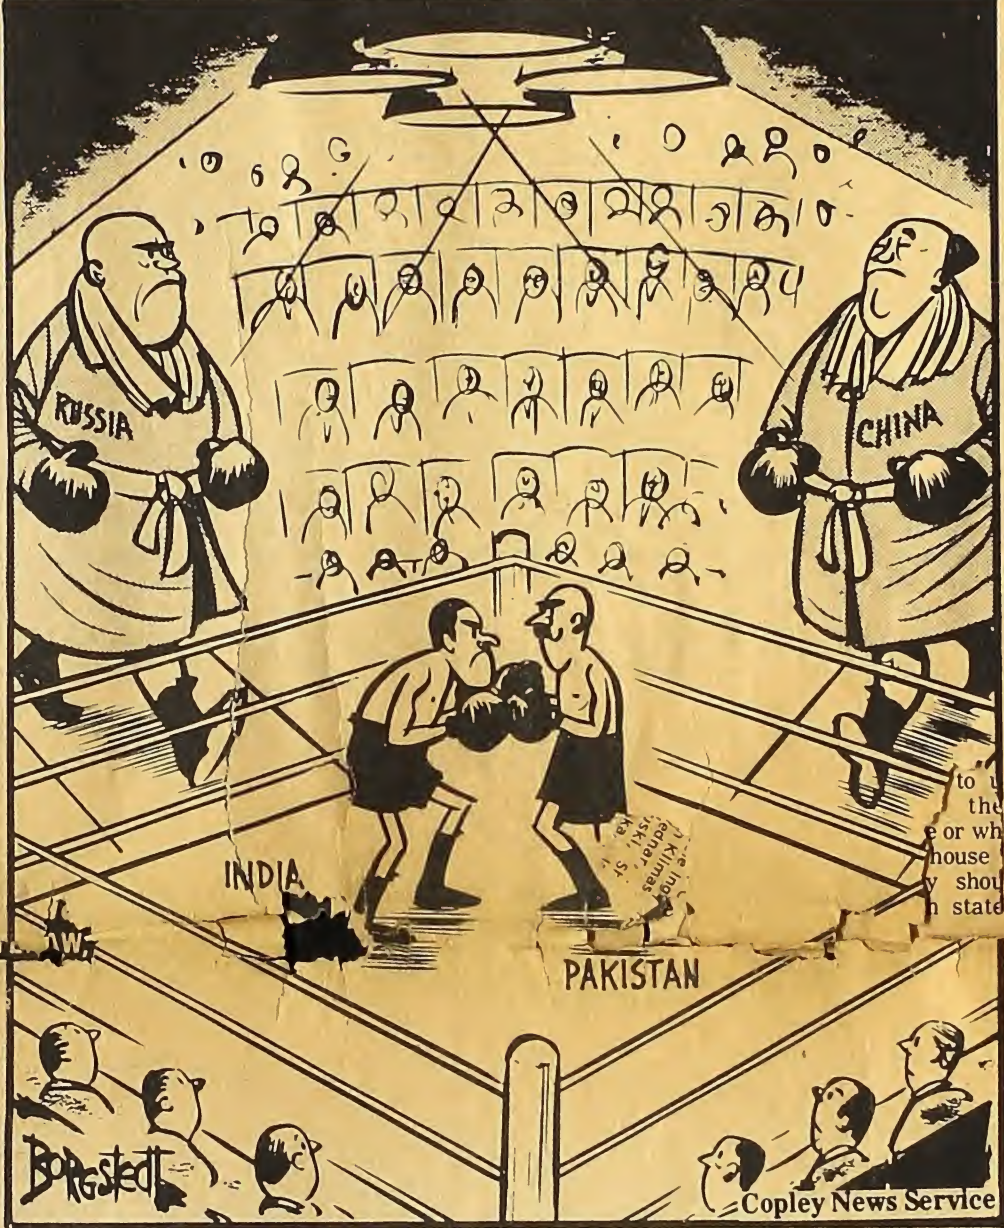

In this area alone, there are thousands of

young men and women who immediately joined the work force after finishing high school.

Young people who choose to work instead of going to college should be given an equal amount of attention since, with their wages, they make purchases, pay taxes and help to support the society.

For those reasons alone, voter registration drives should be aimed at them as much as at their student counterparts.

Business and industry or some voluntary groups should, if they have not done so already, begin to register their young workers and introduce them to the rights and responsibilities of voting.

## Mayor forum offered

By HYLE CARMICHAEL, Mayor, City of Romulus

It has been a year and a half since I took office and I am sure many of you have been wondering what, if anything, I have been doing. My first year and a half has been spent acquainting myself with the duties and responsibilities of my office and attempting to promote an attitude of togetherness between administration and legislation.

I can only believe that any man or woman who accepts an elected position with the city has as their main objective a sincere dedication to serve the city and its citizens. Any other considerations are necessary secondary. It was this belief that perpetuates my efforts to bind the administration and the legislation into a team to pursue our single objective—the development and promotion of the city and its citizens.

It is my belief that my posture, as mayor of the City of Romulus, must be steadfastly dedicated to the best interest of the city and its citizens. My endeavor to attain these ends includes the establishment of an open forum at which you, the citizens, may discuss any

suggestions you may have for the improvement of the city and/or any problems with my staff and me.

This forum shall be held the first Thursday of each month, at 8 p.m., 11111 S. Wayne Rd., in the Romulus City Council chambers.

Persons will be heard on a first come basis. This does not limit the time I will be available. My doors are always open to you. It does, I hope, provide time for those who may not be available from 9 a.m. to 5 p.m. So if there is anything at all you would like to discuss with me—come on in at any time.

I will be publishing weekly reports, herein, to keep you abreast of current happenings in the city.

I would like to ask those of you who have been inconvenienced by the current sewer and water construction to bear with us. It is quite often inconvenient for a few to provide service for many. The construction will be completed as rapidly as possible and normal conditions restored.

Good government begins with you.

Rehearsals for their Christmas pageant, "The Holy Grail," were conducted by members of the Young Peoples group of the St. John's Episcopal Church. The play will be given Dec. 22 at the church.

Santa Claus made an advance trip to Wayne. About 116 children, sons and daughters of members of

Harris-Kehrer Post 3323 V.F.W. had the time of their lives at the Christmas party. The fete replaced the regular Sunday social afternoon.

With the end of the soft coal strike, all postal restrictions are lifted and mail trains back on duty, Romulus Postmaster G.W. Herzog announced.

The mail trains are still arriving late, however, and will probably continue to do so throughout the winter.

Romulus Township also plans to request a like-sized parcel in the same vicinity for Township purposes, possibly a public park or a new high school.

**ONE YEAR AGO**  
Dec. 8, 1970 — The Daily Eagle has been named the official paper for the City of Westland for the coming year.

As part of the duties, the paper will carry all notices of public meetings which are required by law to be printed in a general circulation paper within the city boundaries.

Canton Township's new trustees, Donald M. Korte and Raymond Deeds and treasurer Grant Campbell took their seats on the board but failed to see much action as the board tabled the majority of items that came up.

A rare combination of business and drama exists in the halls of Garden City West High School. Several students are forming a theatre company.

The West Performing Arts company (Wespac) is in the early stages of formation. Mark Willet, senior, is attempting to give the company a solid financial basis by selling stock at \$1 a share.

## Child development bill explained

By U.S. CONGRESSMAN WILLIAM D. FORD, 15th District

I would like to dispel some of the wild and unfounded rumors which have been circulated in recent weeks regarding the child development provisions of a current bill to extend provisions of the Economic Opportunity Act.

These rumors, at worst, would have federal authorities seizing babies from their cradles and, at best, would have the federal government interfering with parents' rights and responsibilities for rearing and educating their children.

The child development program, which I co-sponsored in the House of Representatives, does none of these things. It is a carefully drafted bill designed primarily to provide pre-school day care on a voluntary basis for low and middle-income working mothers.

As a member of the Education and Labor Committee, which first considered the bill, I supported several amendments which protect the rights of parents and make it clear that the program is entirely voluntary. Several other amendments have since been added, and the resulting bill now has the following guarantees:

1. Programs are available only for children whose

parents or legal guardians request them.

2. Decisions on the future and funding of these programs are to be made at the community level with the full involvement of the parents.
3. All child development councils and project policy councils must be constituted so that at least half of the members are parents of children served by the programs.
4. To protect children from unwanted research and demonstration projects, the parent or guardian must be informed if any research involving his child is contemplated and he has the absolute right to insist that his child not participate.
5. Finally, to preserve full parental responsibility, the bill states that the law cannot be construed or applied to "infringe upon or usurp the moral and legal rights and responsibilities of parents or guardians with respect to the moral, mental, emotional or physical development of their children, nor...to permit any invasion of privacy otherwise protected by law."

What we want to do is to make available for low-income and middle-income families the same benefits now available to the children of wealthy parents, who can afford to send their children to

exclusive country day schools and similar institutions.

Services at federally financed day-care centers would be free for children in families of four persons with annual incomes of under \$4,320. The bill establishes a sliding fee schedule, scaled upward according to income. For example, a family of four earning \$6,960 would pay \$317 annually per child.

I want to emphasize again that there is no compulsion, no federal control over children and no provision for taking away or interfering with parents' rights and responsibilities.

The child development provisions are part of the Economic Opportunity Act extension, which also covers such programs as Headstart, Neighborhood Youth Corps, Mainstream, Emergency Food and Medical Services and programs for senior citizens.

This final version was scheduled for consideration by the House yesterday.

There is considerable opposition from Republicans and conservative Democrats, but I am hopeful that we can muster enough votes for approval. It must still be approved, of course, by the Senate and by the President before it can become law.

## Huron can solve its drug problem--Benner

To the editor:

One of the most serious questions facing educators today is how to deal with the problem of drugs. Much time and many dollars have been spent in developing solutions to drug problems in communities other than ours.

Few of these have been successful, while the large majority of the programs simply did not work, or even worse, caused the problem to become more serious. Some programs have even unintentionally educated students on how to use drugs not known to them before they attended the drug abuse programs.

In all of this, there is a ray of sunshine for Huron, if we have come to our community about five years later than other larger communities. It is possible for Huron to learn from the programs developed by others; for us to discover what did not work and what has worked in other communities.

We have not been sitting on our thumbs in the past year, while drugs were introduced to Huron Township. Last year a group from Huron attended meetings in Dearborn to become educated to the problems and also to hopefully find some solutions.

With the training given at these meetings, a program was developed for the residents of Huron to learn the facts on drugs, so that we could develop a program for the community that involved the community.

The attendance of the meetings by both community people and staff was so ridiculously low that we realized another method of solving the problem must be found.

Since the first program, many schools have been visited and many programs have been studied and considered for Huron. It was decided as a result of this study that a group effort of community, staff and students was the only way to approach our problems.

Such a group was formed and attended leadership training with the goal of developing a program that will really work. The program is presently being prepared for public support. Some of the facts that have been discovered by our group deserve to be known by the public and will be found to be very interesting.

- 1) Huron is not a center for drug abuse. People from all over the downriver area do not come to Huron to sell or purchase.
- 2) Huron has, at the most 30 per cent of our students that have tried mood modifying substances and only about 10 per cent that use drugs occasionally.
- 3) It has been reported from many reliable sources that no students attending Huron are dependent upon drugs.

The above facts have been interpreted to mean the following: if we develop a program soon we will be able to help our students avoid drug abuse before we have students beyond help.

Huron has a drug problem; every community does. If we can work together we can solve ours before it reaches the dimensions of drug abuse that other communities have. The drug problem does not just belong to the schools, it will take a team effort from the community and school.

Mrs. Leonard Piper of Huron River Drive West was rushed to Annapolis Hospital, Wayne, early last Thursday morning after suffering a heart attack. She remains in critical condition there at this writing.

Some of the "Crusaders" (senior high church school class) of the Calvary Baptist Church attended the Youth for Christ meeting "Adult Lockout" Saturday, Dec. 4 in Ann Arbor. There was real "alive" music by the Blackwood Singers, Young and Free and Lonnie Hull.

Mr. and Mrs. Al Dykoski of Ann Arbor were Saturday callers at her aunt, Miss Pearl Morris of Huron River Drive South. Mrs. Dykoski, the former Susan Marie Diepenhorst of Romulus, is enrolled as a freshman

student at the University of Michigan.

A number of local folks paid their last respects to Dr. William Krebs, 63, who died Dec. 2 at his Grosse Pointe home. The son of Edward and Vina Krebs, he grew up on the family farm on Huron River Drive South, just south of Barth Road. He was a graduate of Albion College and received his degree in medicine from the University of Michigan. Funeral services were conducted from Grosse Pointe Memorial Church with burial in Highland Cemetery, Ypsilanti. Dr. and Mrs. Krebs made a trip to Vienna and Europe this fall and he had been enjoying good health.

Wayne County 4-H Junior Leaders will meet next Monday evening, Dec. 13 at 8 p.m. at the fairgrounds near Belleville. Instead of a business meeting, the young

people and their leaders will enjoy a Christmas party.

The Wayne County Extension office will be closed for the Christmas holiday, Dec. 23 - 26 and for the New Year holiday on January 30th.

Senior Girl Scout Troop 345 held a successful crafts workshop for junior girl scouts on Saturday, Dec. 4 at the Romulus City Hall. Troops from Beverly, Cory, Hayti, Romulus Elementary, Mt. Pleasant and St. Aloysius schools were represented with 40 girls present. They learned crafts such as macrame, God's eye, bead necklace, yarn pictures and plastic braiding. Senior scouts conducting the project were: Sherry Wonn, chairman and patrol leader of the Senior troop; Yvette Austin, Shirley Lamberson, Esther Meyers, Brenda Pressler, Gwen Simons.

# 'His Land' presented at Zion church Sunday

"His Land," a movie rich in color and authentic sights and sounds with a popular musical score composed and arranged by Ralph Carmichael, will be presented at 10:30 a.m. Sunday, Dec. 12 at the Zion Missionary Church, 89 S. Edgemont St., Belleville. Pastor Marcus S. Krake announced Monday.

Across a barren land, scarred by centuries of war and neglect, the spectres of ancient Israel appear, hover and fade away. Suddenly there is movement of a different sort, and slowly steadily, a startling transformation begins to take place.

Thus begins "HIS LAND," the thrilling story of Israel from ancient to modern times. "HIS LAND," a one-hour color feature motion picture, takes you on a journey through space, time and current events. You see graphically the fact that

Israel today is a living testimony to the words of the prophets when they proclaimed that Israel would take her place among the nations of the world.

In the company of Cliff Barrows and Cliff Richard, England's popular star, who sings a number of new Ralph Carmichael songs, some of which were actually written on location, you travel the vibrant streets and lonely solitary paths of this nation whose destiny is daily discussed in the counsels of governments all over the world...the same paths taken

by Jesus and the prophets: Gaililee...the wilderness, Jerusalem...the Mount of Olives...mingle with the people of modern Israel as they work, play and build a nation.

Words of Scripture come to life as the two men reflect upon the events that in recent years have confirmed much of the ancient prophecies. You are witness to the fact that out of death and desolation is emerging a new Land...a "Land of milk and honey," where the future climatic events of history will take place.

# Conservation group takes seedling orders

The Wayne County Soil Conservation District is now taking orders for tree and shrub seedlings for spring planting, said Wilford Bunyea, chairman of the district board of directors.

"After conducting a highly successful pilot seedling sales program last spring, the district board of directors decided this year to again make seedlings available to area landowners. Last year about 25,000 seedlings were sold by the district. This year the district hopes to make close to 100,000 seedlings available," said Bunyea.

The seedlings are small one to two year-old plants and are generally about 6 to 12 inches tall, depending on the kind of seedling. Several kinds of

evergreen tree seedlings are available, plus a variety of shrub seedlings, according to Bunyea.

The seedlings are not landscape plants but are intended for conservation plantings, such as wildlife food and cover plantings, hedgerows for wildlife and beautification, windbreaks for wind erosion control, soil erosion control plantings and forestry plantings.

Minimum quantities in most cases is 50 seedlings of a single kind of a tree or shrub, according to Bunyea.

Chairman Bunyea said that copies of the district's order form can be obtained by writing to Wayne County Soil Conservation District, P.O. Box 642, Westland, Michigan 48185.

Q. Can we collect a refund on Dad's withholding tax for the nine months preceding his death?

A. Maybe, but probably not. A twenty page "Federal Tax Guide for Survivors, Executors and Administrators" (Document No. 5581) is available at no cost in any Internal Revenue Service office. It covers all rules, requirements and procedures.

COMMUNITY EVENTS

The Huron School District Band Booster Club is sponsoring a gigantic campaign to raise funds for the purchase of at least 35 complete band uniforms for the senior high band members.

The goal of the booster club is to raise a minimum of \$5,000. Each band uniform will cost the school at least \$15. Each person collecting will be identified as a band booster.

A Public Apology From BOX JEWELERS

Sorry. We tried. But our experts couldn't get parts to fix this old wine press. It seems the manufacturer has gone out of business.

But when it comes to servicing—or selling—a watch, a clock, jewelry, or gifts, nobody in town does it better (or more honestly) than us.

If you have any kind of watch or clock that doesn't tick—or tock—the way it should, bring it in. Perhaps all it needs is to be regulated. And we'll do that FREE! Or, if it needs cleaning or repair, we'll give you an estimate. And that's FREE, too! This goes for jewelry also. We can re-size a ring. Re-set a stone. Fix a clasp. Anything! And when it comes to choosing a new watch or clock—you won't find a bigger or better selection anywhere in town. Names like Elgin, Bulova, Accutron, LeCoultre.

So come in soon. Browse to your heart's content. Our people will treat you courteously. And they will answer your questions accurately—and honestly.

You'll like doing your Christmas gift shopping at our store—where the only thing old fashioned is the service!

# Pianist debuts at Schoolcraft

Pianist Beverly Curcio, who has never before performed in public, will be the featured soloist in the Winter Concert Friday at Schoolcraft College.

Miss Curcio has selected Mozart's "Concerto for Piano in E-Flat" for her debut. She will be accompanied by Robert W. Jones, Schoolcraft's Composer-In-Residence, at a second piano.

The concert will mark the first major presentation of the Schoolcraft Orchestra, formed this year by its director Richard Saunders. A new group, the Brass Ensemble, will make its first

appearance to play traditional brass ensemble music from the Baroque Period.

Saunders, Schoolcraft's director of fine arts, "discovered" Miss Curcio less than a month ago. He happened to hear her at practice one day and invited her to perform at the music departments' symposium. This is a weekly gathering of music majors who perform for each other.

The orchestra's program Friday features contemporary American music. Included are "Divertimento" by Perchett, "Chester" by Schuman, and selections from "Camelot."

The concert will begin at 8 p.m. in the Auxiliary Gym of the Physical Education Building. Admission is free.

# 'Canterbury Tales' opens at Bonstelle

By HOWARD ALLEN  
Eagle Drama Critic

One man's meat has much in common with one's country's theater.

"Canterbury Tales," Nevill Coghill and Martin Armknecht's adaption of Geoffrey Chaucer's classic narrative poem, has become a West End institution, where it is breezing toward a place on the all-time list of London long runs.

Britishers consider it a marvelous representation of their medieval history. New Yorkers yawned however when the show opened here two years ago; it did an "el" for over 127 performances.

Wayne State University's Bonstelle Theatre is presenting the Detroit premiere of "Canterbury Tales" in a rough-and-ready way. It is clear that the New York audiences' right to "Canterbury Tales" comes alive only in the four bawdy tales within the loose framework of a late 14th century pilgrimage from London to Canterbury Cathedral, the shrine where St. Thomas a Becket was murdered in 1170 by the henchmen of King Henry II.

The almost plotless framework serves only to introduce at length such assorted types as the jolly Wife of Bath, who has

buried five husbands, and disapproves of celibacy, the quarrelsome miller and his wife, and the pseudo-pious pardoner and summoner, who work in tandem to arouse guilt and profit from the confession of absolutions.

To pass the time, the host of the Tabard Inn suggests that each pilgrim tell a tale en route. Chaucer wrote 25 tales in whole and part, ranging in scope from the bawdy and the legend to the chivalric romance and the moral exemplum. Coghill's choice of four is by no means representative; he unerringly selects the most ribald.

There is good humor in the stories, but the framework is tedious. The Richard Hill-John Hawkins score is at best utilitarian; only the song of the pantaloons sparks any interest.

Russell Smith's production is handsome and Katherine Bush's choreography (including vertical sleeping in upright beds) is deft. Robert Countryman's sets are an intricate series of roughhewn revolving platforms.

Among the better performances are those of Beverly Markovitz as the Wife of Bath, Anita Greene as the seduced girl, Robert E. Quigley as the Squire and Donald W. Dailey as Chaucer.

"Canterbury Tales" is too much of a sometimes hearty thing.

# 'Sleuth'--most entertaining of Fisher Theatre offerings

Helen Bonfils, Morton Gottlieb, Michael White present "Sleuth," new play by Anthony Shaffer, directed by Clifford Williams, designed by Carl Toms, lighting by William Ritman. At the Fisher Theatre through January 1, with the following cast: Michael Allinson, Donal Donnelly, Philip Farrar, Harold K. Newman, Roger Purnell.

It is as entertaining an evening as the Fisher has had this season. Those who love challenges to the detective are warned that Shaffer has a dozen red herrings up his sleeve — there's even one in the program.

Michael Allinson stars as Andrew Wyke, a games-loving English mystery author. Wyke is the egotist supreme. When Donal Donnelly as a

young ravel agent, Milo Tindle, steals his wife, Wyke devises an unusual charade wholly unlike the evening of fun and games at George and Martha's and far more lethal.

Ostensibly, Wyke has invited Tindle to finance his affair with Wyke's greedy wife by staging a jewel robbery at Wyke's country manor — but games within games are played in an ingenious and deftly constructed series of contests. Milo proves a worthy adversary, to the audience's benefit.

Devotees of the Queen canon or the Christie code become familiar enough with these authors to sometimes outguess them. This is possible with Shaffer — once you see the way his mind

works, it is feasible to stay a step ahead of him. But it won't be easy, for Shaffer is nothing if he is not deft.

He even spares a few moments to be funny as Wyke coaxes his pigeon into a crown suit and Tindle attempts to maneuver within its confines. And surely there are few detectives as engaging as the ragtag Inspector Doppler who, when asked if he will drink on duty and offered a brandy, says: "I always drink on duty. I can't afford to on my own time."

Shaffer maintains this level of wit and urbanity throughout and his mystery author, Wyke, is conceived in the grand manner by Allinson, occasionally reminiscent of his cutting and lordly Henry Higgins, although with a bit too much surface flash. Donnelly's Tindle is the more artful characterization, the complexities of which cannot be discussed too fully.

It can be argued that Tindle is far too intelligent a man to be lured into the preposterous clown outfit which is part of Wyke's scheme to abuse him. He is certainly too dangerous an adversary to turn your back on while pointing a gun at him, as Wyke does. But these flaws are minor ones in an otherwise flawless plot.

Director Clifford Williams maintains a varied pace usually taut. Carl Toms' drafty old manor study is a magnificent set.

Really good mysteries are becoming a rarer and rarer animal these days. "Sleuth" is an excellent example of the genre. And don't spill the plot.

# 'Scheherazade' to be performed at concert Friday

The second concert of the Dearborn Symphony's tenth anniversary season will be held on Friday, at 8:30 p.m. in the Edsel Ford High School auditorium.

The program will include the "Concerto for Piano in A Minor" by Edward Grieg, "Toccata and Fugue" in D Minor by Bach and arranged by Leopold Stokowski and "Scheherazade" by Nic Rimsky-Korsakov.

Tickets are available at the door or Little Professor Book Centers in West Dearborn and Dearborn Heights, Sally's Gift Shop at Westborn and Bank of Dearborn branches in Village Plaza, West Dearborn, and East Dearborn.

# Noise pollution danger detailed

By unique educational strip kit, pointing out the dangers of noise pollution and need for hearing conservation, is being offered without cost to public and private school systems by the Beltone Crusade for Hearing Conservation and participating Beltone dealers.

The crusade, sponsored by Chicago, based Beltone Electronics Corp., world leader in hearing aids and electronic hearing test instruments, is designed to make people aware of the vital need for hearing conservation and the control of noise pollution.

The kit includes the filmstrip, an accompanying long-playing record, a teacher's guide and other supportive literature stressing hearing conservation. The kit is

designed for almost any school-age audience.

The filmstrip is patterned after the movie entitled "To Conserve and Protect" which Beltone introduced in early 1970. Since that time the movie has attracted more than one million viewers per month through showings on television, to community organizations and in commercial movie theaters as short subject material.

While the subject matter and the message of the movie and the filmstrip are the same, the filmstrip's script and emphasis have been specially designed to appeal to student-age viewers.

School administrators, principals or teachers can obtain a kit for their school system by contacting their local participating authorized Beltone hearing aid dealer.

**CHRISTMAS STORY** - The annual Christmas story hour held recently at the Fred C. Fisher Library, Belleville, was well attended. The children listen attentively as Helena McCullough, librarian, begins to read the first of many stories during the story hour.

## Brownies take tour of factory

Thirteen girls and five mothers of Brownie Troop 634 of the southeastern part of Romulus made a trip to the Vernors factory in Detroit last week.

Mrs. Virginia Gray, Mrs. Karen Losacco, Mrs. Sharon Neely, Mrs. Jerry Doublestein, leader, and Mrs. Connie Eberline, co-leader, accompanied the girls on an hours tour of the factory. For some of the girls, it was their first trip into Detroit.

## Kitchen equipment approved

The allocation of \$2,533 for the purchase of cafeteria and kitchen equipment has been approved by the Van Buren Board of Education.

School district Business Manager Irwin VonDestinon, who requested the equipment, reported that some of the money allocated would be returned to the school district by funds from the federal hot lunch program.

The school board also approved bids for fuel to heat school buildings.

A bid of 10.75 cents per gallon from Marathon Oil Co. for heavy fuel oil and a bid of 11.4 cents per gallon for light fuel oil submitted by Standard Oil Co. were approved.

## Merriman PTA bake sale set

A bake sale will be sponsored by the Merriman Elementary School PTA to be held following the school's Christmas music program slated for Dec. 15 at 7:30 p.m.

Mrs. Pat Reid, chairman, asks that those who are willing to bake for the sale contact her at 941-6357 or Mrs. Carole Bales at 941-0020. Volunteers may also call the school at 941-6900 through Monday, Dec. 13.

Drivers will pick up baked goods for those who are unable to bring donations to the school, Mrs. Reid said.

**THANKING THE BONANNI SISTERS** - Helena McCullough, (right), librarian at Belleville's Fred C. Fisher Library, thank the Bonanni sisters for contributing their accordion music to the Christmas story hour held at the library recently. The sisters (left) are Diane, 14; Sharon, 15, and they are the daughters of Mr. and Mrs. Bonanni of 20415 Wilmot St., Belleville.

# Congressman Ford to be seen on TV

A nationally televised program featuring Congressman William D. Ford, which was originally scheduled to be broadcast on Nov. 23, will be shown in the Detroit area next Tuesday.

The program, "The Advocates," will be broadcast at 8:30 p.m. on Channel 56. It is tentatively scheduled for a second showing the following day, Dec. 15, on Channel 56 at 6 p.m.

Congressman Ford is one of three witnesses who defends the right of strikers to receive food stamps and other welfare benefits. He was selected to appear on the program, because, when the food stamp issue was before Congress following the General Motors Strike of 1970, he joined with other Democrats in the House to preserve the right of striking workers to obtain food stamps for their families.

Bills have been introduced in Congress to ban public aid for strikers on the ground that it upsets the collective bargaining process and encourages walkouts.

Congressman Ford said that such arguments are based on the false assumption that strikers walk out "voluntarily."

"A strike doesn't occur unless there's a majority vote of the people involved to go on strike," he points out. "Once having participated in that democratic process, everybody is bound by it. To say that one is a voluntary or involuntary striker after it becomes a fact is like asking me whether I'm a voluntary or involuntary taxpayer."

Congressman Ford noted that Henry Ford II, president of Ford Motor Company, has been quoted that full welfare benefits be made to qualified workers during a strike in order to help maintain community stability.

"You don't preserve the labor supply by scattering people to the four winds and by starving their children," Congressman Ford asserted.

He also noted that strikers pay taxes to support public aid

programs, and should have the right to utilize these programs when they are in need.

"The Advocates," now in its third season, won a Peabody Award for televised education during its first season in 1969-70. The hour-long program has a format similar to that of a courtroom. A moderator serves as a "judge" and the witnesses are examined and cross-examined by the "advocates," who function as prosecuting and defense attorneys.

At the end of the program, the moderator explains to the viewing audience how they can register their votes on either side of the question in writing. The votes are tabulated, and the results made available to the White House, Congress, and other officials and organizations involved in that specific issue.

During its 1970-71 season, "The Advocates" received responses from more than 228,000 persons - an average of 6,500 letters per program.

# Stoelton issues brief statement

Edward C. Stoelton, 56, of Belleville, former Van Buren Township supervisor who was found innocent of charges of conspiracy to solicit a bribe, issued the following statement Monday.

The statement, addressed to "my many friends and supporters," said:

"I would like to take this opportunity to express my deep appreciation to all of you who showed your concern and confidence during my recent trial in which I was found innocent. Your many calls, letters and personal contacts during this trying time were a great comfort to me and my family.

"I also wish to thank those of you who gave of your time and effort to testify in my behalf.

"During times of stress, true friendship shows its quality. The friendship I received was greatly appreciated."

Stoelton and Joseph J. Lambert, 60, of Bloomfield Hills, also found not guilty, were charged with conspiracy to solicit a \$10,000 bribe from the co-owner of the State Land Co. and \$2,000 from the owner of the land on which the firm was excavating sand in exchange for township approval of a sand removal permit for the fire.

# State traffic deaths increase

Traffic deaths in Michigan in November numbered 187, nine more than 178 in the same month last year, according to State Police traffic division figures.

The total was 33 less than the average of 220 for November in the five years 1966-70. High for the month was 283 in 1968, while the low was 87 in wartime 1942.

November was the fifth month this year to show an increase in deaths compared with corresponding 1970 months. The rise in fatalities followed decreases in October

and September.

The accumulated deaths for the first 11 months numbered 1,947, 91 (or about four per cent) less than 2,038 in the same period last year.

Michigan's December toll probably will exceed the 138 charged to that month in 1970, an unusually low count compared with a five-year average of 187.

Records indicate the state's road toll for all of 1971 will rank somewhere in the 10 worst annual traffic death counts which range from 2,016 in 1955 to 2,487 in 1969. The 1970 loss was 2,177.

**HONOR FORMER PCHA MEMBERS** — Seven former members of the board of directors of the Peoples Community Hospital Authority (PCHA) and one present member were honored at the board's annual "Recognition Dinner" last Saturday evening at the Hilton Inn in Romulus. Donald J. Pizzimenti (left), board chairman, presented service plaques to (left to right) — Floyd Thetford of Van Buren Township, Russell V. White of Lincoln Park, Edward Hayes of Ypsilanti

Township, John Trellay of Trenton, John Barr of Dearborn Heights and Edward Stoelton of Van Buren Township. Mr. White, was honored for having served on the board for 24 years. Plaques were also awarded to William Gagnon of Ypsilanti Township and the late William R. Smith of Woodhaven. Mrs. Smith accepted the award for her late husband, who died last summer.

## Court of Appeals agrees: no new election for PCHA

The Michigan Court of Appeals has upheld a circuit court decision knocking down a request from a Peoples Community Hospital Authority (PCHA) board member for a special meeting to elect new board officers.

In an opinion rendered Monday, a three-judge panel in Lansing ruled Wayne County Circuit Court Judge James Montante "acted correctly in denying the writ of mandamus" sought by

Elmer J. Parraghi, Sumpter Township supervisor, calling for the special meeting.

Attorneys representing Parraghi and Donald J. Pizzimenti, PCHA board chairman, defendant in the case, presented their sides early last month before the panel in Detroit.

Parraghi was appealing a circuit court decision of last August which refused his request for the special

meeting. The suit resulted from Pizzimenti's denial in July of a request by three board members - Parraghi, John K. Kessey of Melvindale and Walter Sudak of Southgate - for a meeting for the purpose of conducting a new election of board officers.

The appeals court decision stated: "While it is true that the statute requires the chairman to call a meeting at the request of three board members, it does not require him to do so if the request is frivolous or without merit."

qualifications regarding the purpose behind the request, we nevertheless feel that since the request was dated one day before a regularly scheduled board meeting, and since the board holds regularly scheduled board meetings each month, except during July and August, the trial court acted correctly in denying the request for a writ of mandamus.

Judge Montante had denied Parraghi's request in circuit court, holding that the plaintiffs had no clear legal right to another election in view of the fact an election had already been held this year.

In denying the original request for the special meeting, Pizzimenti had based his rejection on an opinion from board attorney B. Ward Smith of Cozadd, Shangle and Smith.

Although Public Act 47 of the Public Acts of 1945 states the chair shall call a meeting at the request of three board members, Smith said the chairman is not required to call a meeting which would be a "futile effort" to discuss something on which no action could be taken.

His opinion stated the meeting would be futile because there are no provisions in the law by which the board members can arrange another election this year.

Judges who heard the case for the appeals court were Vincent J. Brennan, John H. Gillis and Michael D. O'Hara.

## Vacancy on board is filled

A vacancy on the board of directors of the Wayne Federal Savings and Loan Association has been filled by Harold Sleicher, according to board chairman John E. Vallance.

For many years a resident of Belleville, Sleicher previously represented that area on Wayne Federal's board from 1960 to 1968.

Following his retirement as general manager and treasurer of the Enot Foundry, he devoted much of his time to the Boy Scouts, the YMCA and the Wayne Rotary Club. Sleicher is a past president of the Wayne-Westland Community Schools Board of Education and has held many offices in the American Legion.

## Department holds party

A Christmas party under the sponsorship of the Sumpter Township Fire Department will be held at 1 p.m. this Sunday (Dec. 12).

The party will be for the children of township officials, police and firemen.

## Romulus Civic League sets Saturday dance

The young adult members of the Romulus Civic League will sponsor a teen dance Saturday (Dec. 11).

The dance will be held from 9 p.m. to 1 a.m. at the Civic League Building, 11495 Wahrman Rd., Romulus, for young people between the ages of 16 and 19 years.

The dance will feature a live local band who call themselves "The Means of

Destruction." Admission will be 75 cents, or \$1.25 if persons wish to purchase a regular \$1 membership card to become a member of the Civic League organization.

Proceeds will go toward the maintenance of the Civic League community facility which was completed the year 1969 for young people and adults to go for entertainment, recreation, and community or civic affairs.

The sponsors of the dance are Phyllis Lovette, Patricia Fields, Kenneth Vaughn Jr., Michael Woods, Kary Lovette, Marcia Williams, Kippie Vaughn, Connie Williams, Cherrie Williams, Geraldine Tigner, Charles Dupree Jr. and Kenneth Ponder.

Persons seeking more information about the Civic League or its facility may contact the president, Alfred Todd at 941-0772.

## Van Buren board okays assistant for North

The Van Buren Board of Education has approved a new position of assistant principal for North Junior High School, located at 47097 McBride St., Belleville.

The school board's action taken last week also authorizes school Supt. Dale E. Kaulitz to begin immediately to advertise for the assistant principal.

North Junior High School

which opened for students a year ago, has James F. Richendollar, former football coach and teacher, as principal.

Present operations of the school call for the appointment of an assistant principal or administrative assistant.

South Junior High, located

at 45201 Owen St., Belleville, and of similar size, has always had an assistant principal.

Kaulitz reported Monday that he has contacted the placement bureaus of Michigan universities and other educational systems.

Applicants seeking the position will be interviewed and screened before the school board makes its decision.

## Van Buren Township issues building permits

Van Buren Township's Building Department issued 51 residential building permits during the month of November. The permits had an estimated construction cost of \$310,484.

The residential construction involved 10 single-family residential units with a estimated construction cost of \$201,984 and a partial addition to the Belleville Manor Trailer Park, located on Belleville Road, costing \$102,000.

The building department issued a total of 143 permits and collected fees of \$2,809.

Commercial building totaling \$52,620 in construction cost included a building project of the Oddfellows Building Association-IOOF Hall for \$40,000, Detroit Metropolitan Water Department pump

station for \$5,120 and a carport for Draw Tite Corp.

The electrical division of the building department issued 44 permits and collected \$1,249.

The heating division issued 23 permits and collected \$280 in fees and the plumbing division issued 22 permits and received fees in the amount of \$468.

## Mayor wants to know who wrote him letter

Mayor Royce E. Smith of Belleville issued an appeal Monday for the person or persons who sent the mayor a letter requesting the city to recognize "our most honored citizen."

The mayor reported that the communication received by him was signed "The Young People of Belleville."

The communication asked the city to do something for "our most honored citizen."

Mayor Smith stated that he appreciated receiving the letter and would try to do something if the writers of the letter contact him and relate who the citizen is that they are referring to in the letter.

### Cold sores are caused by virus

By DR. LESTER COLEMAN

Every time I catch cold I develop a cold sore. It lasts long after the cold miseries have disappeared.

Is there any way to prevent this or to help cure it when it happens? Do antibiotics help? Miss J.E., Ida.

Dear Miss E.:

Cold sores, or herpes simplex, are caused by a virus. The virus may or may not be related to the virus that caused the cold itself.

Besides being unsightly, they often can be painful and the break in the lip, if neglected, may be secondarily infected by bacteria.

The antibiotics do not destroy viruses. Taking them by mouth, or even applying them locally with creams, lotions or ointments does not affect the virus responsible for cold sores.

For those who are susceptible it is often suggested that the lips be kept lubricated with a light mineral oil, or vaseline, as soon as a cold starts.

Cleansing tissues sometimes are made more attractive and whiter with bleaching agents. These, used to often and too

roughly can cause irritation of the skin around the mouth and may be a factor inviting viral and germ infections by abrading the skin and the mucous membrane.

For this reason the lubrication is protective.

A new scientific approach to this problem is on the horizon and the experimental results already are encouraging.

By this new method a special dye will make the cold sore virus sensitive to light. It is said that the virus can then be killed by an ordinary fluorescent household light.

Is there any danger in piercing ears for earnings? My 12-year old daughter insists on having her ears pierced.

Mrs. A.R., Ala.

Dear Mrs. R.: For centuries ears have been pierced with every conceivable kind of instrument.

Aboriginal tribes have pierced ears with porcupine quills and even sharply ground pieces of flintstone. No one has ever studied the

frequency of infection from these techniques.

Generally, piercing the ears is a safe procedure. Yet there always is the possibility of infection, even in expert hands.

The pressure of peer groups makes youngsters plead for piercing ears. Often they will have it done, without parental permission, by people who sell the earnings. I disapprove of this.

Some states have legislated against the piercing of ears by non-professionals. Although I know of many cases that have been successfully done by these people, I must say that, as a doctor, I prefer that piercing of the ears be done under sterile conditions, by a physician.

Dr. Lester Coleman has prepared a special booklet entitled "Alcoholism - A Family Disease." It probes this grave problem and offers hopeful advice. For your copy, send 25 cents in coin and a large, self-addressed, stamped envelope to Lester L. Coleman, M.D., (Alcoholism booklet) in care of The Daily Eagle. Please mention the booklet by title.

### Turpentine can makes bird feeder

By AL CARRELL

Dear Al:

My neighbors like the bird feeder I made from an empty flat gallon turpentine can. After cleaning all the turp and its odor out, I made a slit toward the bottom of one flat side. The slit is about an inch above the bottom. The can is then bent in above the slit, which forms a trough. As a perch, I inserted a dowel into a hole in the front of the can and attached it to the back of the can. I poured grain into the can using a funnel. It hangs under the eaves of the house from the handle, and is right next to a window so we can watch the meal time.

Pips (80 years young)

bent in above slit  
dowel

and planted it in a large tub. We move it in at Christmas time and decorate it. Then we roll it back outside after the season is over. This year it is too big for our house, so we have transplanted it in our yard and have started with another living Christmas tree.

In almost every part of the country, there will be some specie of tree that will allow you to do this. Check your nurseryman if you want to do this.

A.U.

A super hint - A screw-on cap on a container that has a liquid which is liable to cement the cap on after a time can be made stick-proof by placing a strip of aluminum foil between cap and can. Just cover the threads of the can, and you're in business.

Dear Al:

A dry Christmas tree can

really become a fire hazard. One way I have found to get the tree to absorb more water is to cut it off at an angle at the bottom instead of straight across. The holder we use is the standard kind that has a ring with set screws that are tightened against the trunk so it only needs to touch the bottom of the pan to be steady. The angle cut exposes about twice the area to the water in the pan, and thus allows the tree to drink more.

K.O.F.

Shop talk - So many things come in spray cans these days that every home handyman should invest in a gadget called a "Spray can pistol grip handle." It fits over the standard can and allows you to spray by pulling a trigger. It gives you a lot more accuracy and never lets you accidentally have the nozzle pointed toward yourself. Watch out, though, or your wife will abscond with it for her hair spray.

Al Carrell welcomes all mail, especially tips from fellow Handymen which he can pass on to readers as space permits. While he cannot answer all individual letters, he will try to nail down your problem in his column whenever possible.

### Daughter-in-law crushes crackers

By HELEN BOTTEL

Dear Helen:

When I visited our son and daughter-in-law recently, I was mystified at what happened on a shopping trip with her.

She bought a box of crackers, individually packaged in four sections. She took each of these sections, put them into separate plastic bags which you get in the vegetable department, then into paper sacks.

When she pulled into her driveway, she stopped, laid the four bags containing the crackers one in front of each tire. Then she hopped back in the car, drove over the crackers and into the garage. I looked aghast at the crushed packages lying behind her car only to have her smile and say, "Instant cracker crumbs!"

Well, I went home and sent them a blender for their anniversary. No dice.

Last week I was there again, and she made instant crumbs in her same old way. She says she likes the blender for other things, but her "car" way is faster and quicker for crackers, and besides there's

no mess to clean up — and it's much more fun. Says she imagined the crackers were whoever she was angry with, and she got a lot of frustrations out of her system by smashing them. (Could it be me?)

I know there's a generation gap (she's 19) but this is an abyss! My husband is no help (his daughter-in-law can do no wrong). He just laughs and says, "If it works so well, why don't you do it that way too?" — M.I.L.

Dear M.I.L.:

You've got a wacky d-i-l or wild imagination.

On second thought, maybe "tired crumbs" aren't such a bad idea. When a blender is too slow, a rolling pin too messy, just get behind the wheel — and that's the way the cracker crumbs. — H.

Dear Helen:

You once reminded parents that their children aren't "owned" by them, but only borrowed for a little while.

For parents who need further reminding that they mustn't try to run their children's lives, here's a

lovely bit of blank verse. Sorry, I don't know the author:

Your children are not your children.

They are the sons and daughter of Life's longing for itself.

They come through you but not from you.

And though they are with you, yet they belong not to you.

You may give them your love but not your thoughts.

For they have their own thoughts.

You may house their bodies but not their souls.

For their souls dwell in the house of tomorrow.

Which you cannot visit, not even in your dreams. — A Reader

Dear Reader: (and readers:)

To print poetry without giving credit is like announcing "the winnah" as "whatzisname." I seldom do this, but liked the above piece so well I wanted to share it with all of you.

Will someone please give us the name of the author. Thanks. — H.

A CROSS UP — John Glenn's Ben Leece (at left) is having difficulty taking down Romulus' Aaron Cross in their semi-final round bout at the Western Wayne tournament. Cross went on to win a 4-2 decision to reach the finals where Dearborn Heights' Dale Clark managed to win the gold medal, decisioning his 145-pound rival, 6-3.

# Simons is 'most valuable'

## Belleville is 4th at WW

Despite claiming three gold medals and a second, Belleville grapplers finished fourth at the annual Western Wayne Wrestling Invitational staged Saturday at Wayne Memorial High School.

Belleville's Keith Simons, a national AAU champ, continued with his excellent showing on the mats as he picked up a first place in the heavyweight. Teammates Jose Garcia (126), Gary Krajewski (155) also were first while John Smith (132) finished second to Westland John Glenn's Jeff Carter in the 132 weight class.

Romulus' Marvin Williams also emerged from the mats with a gold medal when he outwrestled Glenn's Kevin Ostlund 11-6 in the 185-pound class.

Two and a half points separated the first team and the third place finishers in the eight team tournament. John Glenn was crowned the champ with 78 points while Wayne Memorial was second with a total of 76½ points and Farmington was third with 75½. Then came Belleville (58½), Romulus (48), Garden City West (37), Bentley (34) and Dearborn Heights Crestwood (13).

"It was a well-balanced tournament," exclaimed Belleville head coach Tom Fritz afterwards. "It shows the teams in the area are getting tough in wrestling."

"I wasn't disappointed at our team's performance, however, I do feel we could have done better," Fritz added.

Garcia clashed with Romulus' Brad Smith in the finals and grabbed a 4-0 victory from his 126-pound rival, while Krajewski, a recent All-Area football selection, managed to turn back Mink in a close duel, 2-1. Simons had little difficulty remaining undefeated on the season as he floored John Tharp in 4:28 for his gold medal.

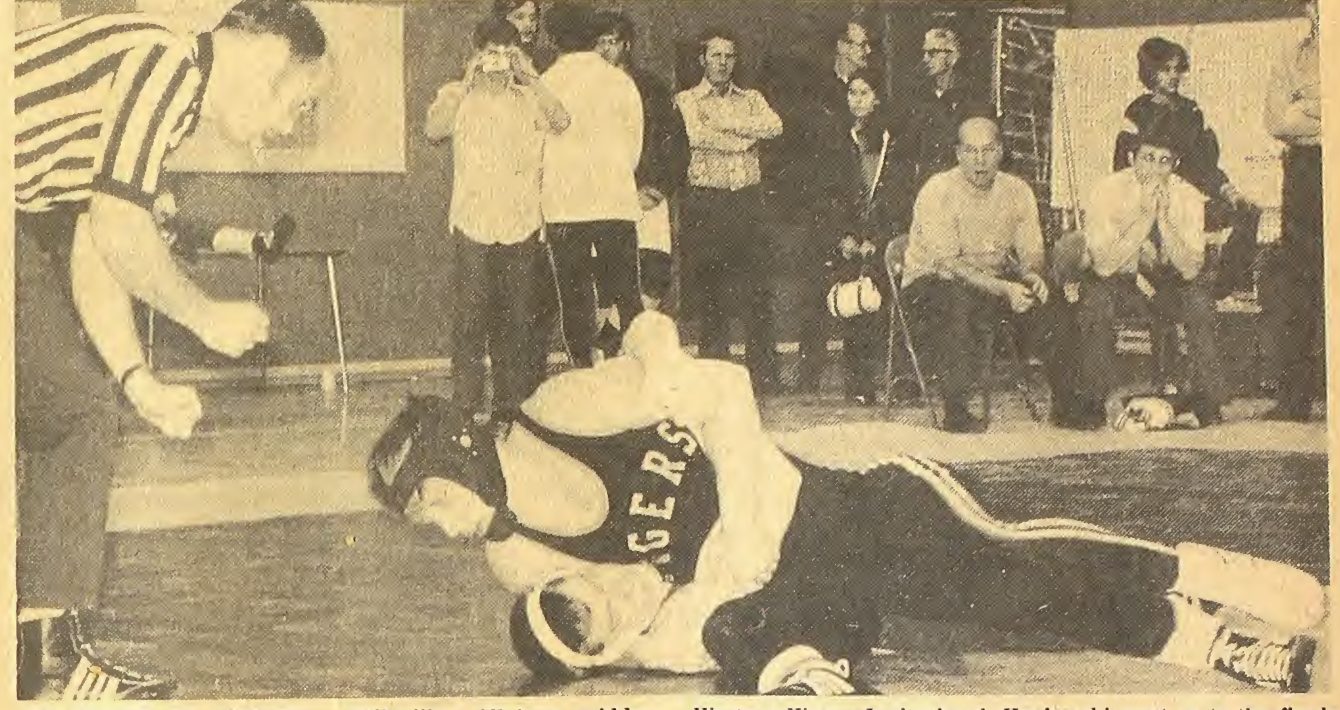

Simons also was awarded the tournament's Most Outstanding Wrestling award. In that 185 pound clash, Williams had little trouble

with Glenn's Ostlund and took a 11-6 championship decision away from the Rocket grappler.

Coach Jim Stallings also received runnerup performances from Virgil Smith who lost out to 138-

pounder John Whistler of Livonia Bentley in a close contest, 5-4, while Aaron Cross was decided by

Crestwood's Dale Clark in the 145-pound class, 6-3. Romulus was without the (Continued on Page B-2)

EN ROUTE TO VICTORY - Belleville's All-Area griddier Gary Krajewski (on top) applies the pressure in taking this victory from Wayne Memorial's Nill Goen at the annual

Western Wayne Invitational. Krajewski went on to the finals where he met John Glenn's Bob Mink and won the 155-pound class gold medal by a close 2-1 decision over his rival.

## Romulus, Huron host district cage tourneys

Romulus and New Boston Huron join Livonia Franklin as hosts to district basketball championships, it was revealed today by Allen W. Bush, state director of the Michigan High School Athletic Association.

As promised, here are several letters we received from football fans and who wished to express their opinions about our recent All-Area selections:

Attention Sports Editor:

I've followed your column all through the football season and have two complaints. First, you seem to favor West High over East. Whether or not you have a reason for this obvious favoritism is none of my concern. It just seems to me that being a sports editor you would feel guilty about writing more columns in greater depth of one than over another.

My second complaint is your decision of the boys for All-Area. In your column a couple of weeks ago you stated it was difficult choosing one boy when there were a couple who were outstanding. I feel if there are two boys that you feel are deserving that being a senior would tend to sway your decision.

I am speaking of a fellow the team could not have gone as far without — Alex Patterson (Garden City East). Last year Bob Kleinbrook was played up and I could understand why. He was a senior and it was his last year. Now I'm not blaming you entirely, because I believe most of the blame belongs on Coach Gary Humphrey.

But at the same time I wonder if you went and saw either a game or movie of one of the games in which these players could display their talents.

After all your decision means so very much to these guys that have worked so hard.

I think, had you seen a movie of one of the East games you would have seen how valuable Patterson was to the team even though Humphrey played him wrong. I'm not saying Burton (Dennis) wasn't good, but I feel Al would have done just as well, and whose to say, maybe better had his coach given him the ball.

After all Burton will be back next year and this was Patterson's last. I certainly hope we have a new football coach by the time my son goes to high school. I feel a coach should be out there to win, but he's also out there for the boys, too.

And if he had any interest at all he would have had Patterson carrying the ball much more.

I've never written any kind of a letter like this before and I imagine it will be filed away in the waste basket, but at least I feel I said my peace.

A disgusted fan

Dear Mr. Mooradian,

I would like to congratulate you on your All-Area picks. I realize how difficult it must be with so many great athletes in the area. But I must add: Why is it every-time Garden City East has someone who truly deserves recognition, someone from West has to complain and act like spoiled little kids? And if West is best, why did we (East) beat them so soundly.

Thank you,  
GCHSS — East

Dear Mr. Mooradian,

Sorry I'm not a Football Fan but I am a fan of the Daily Eagle and wanted to tell you a story about a boy whose name my Mom showed me in your column quite a few times in the past few weeks, a real honest-to-goodness All American teenager.

In a nurse at Garden City Hospital, and was two years ago this boy was admitted with pneumonia, they thought. He was put in a room with a terminal patient an elderly man with C.A. We had an acute shortage of beds, and we all wondered how this was going to work out, a typical teen-age boy cooped up all day with a sick absent-minded old man.

NO-ONE could believe it. This boy was someone sent from HEAVEN. He actually took care of this man. The bid discussion was always Football versus Cricket (the old gentleman was from England) and played Cricket in his day. The boy was from St Mary's school in Wayne, and played and LIVED Football. He took care of this old man that other (Continued on Page B-2)

And with the shift of Inkster from the Class B to the Class A column, the district tournament at Romulus should prove to be an interesting one.

Romulus, getting the nod as the host for the first time in recent years, will host the Vikings along with Taylor Kennedy and Taylor Center, Wayne Memorial and Westland John Glenn.

Over at Livonia Franklin, the Patriots will add a host the two Garden City High School teams - East and West and also Cherry Hill, Livonia Churchill and Plymouth.

Robichaud will head for Melvindale where the Bulldogs will have to defend their district title against the likes of Allen Park, Edsel Ford, Annapolis, Lincoln Park and the host, Melvindale.

Belleville is pitted in the tournament at Ann Arbor Pioneer High School where Adrian, Ann Arbor Huron, Ann Arbor Pioneer and Ypsilanti will congregate.

New Boston Huron was designated as the host of the district 25 Class B tourney and the Chiefs will have on hand Allen Park Cabrini, Flat Rock, Grosse Ile, Rockwood and Gibraltar Carlson.

The dates set aside for the district tournaments include Feb. 28-29, March 1-2-3-4 and the regionals are March 7-11. The state tournament quarterfinals will be played on March 16, in several centers throughout the state, while the semi-finals will be staged on March 18.

The finals in all classes will be at East Lansing on March 25.

Determination of the locations and assignments of classes and teams to each tournament were made by the MHSAA basketball tournament locations' committees in the Upper and Lower Peninsula.

## Huron has foul woes

You can bet when Coach Andy Herman gets his Chiefs back in the gym this week the accent will be on foul-shooting. Huron dropped two games - a 79-62 opener to Carlson, and a 64-60 decision to Blissfield that spoiled Herman's debut as the Chiefs' head coach, and the foul line was where the Chiefs showed their most ineptness.

"I'm pleased with our overall game," remarked Herman who took over the helm from Marty Hotvedt this season. "But we have to do something about our free throws."

"We gave two games away at the free throw line," he said.

An uphill climb all the way, Huron just mustered enough scoring power to catch Blissfield after trailing 12-10 and 26-20 the first two quarters.

Though Blissfield pulled away by as much as 11 points, the Chiefs, led by Mario Graci managed to cut the lead to three points, but that's the closest they ever got.

Huron outscored its host 18-17 in the third quarter to face a five point deficit entering the fourth quarter.

The Chiefs realized 10 of 25 at the charity strip while Blissfield cashed in on 28 of 44 with Greg Crisp making 13 of 20 free throws to finish with 15 points.

Gracia, a 5-10 junior guard, was the game's individual scoring leader with seven baskets and three free throws for 17 points. He was joined in double figures with Dan Clark who had 13.

In their season opener, Huron failed to cash in on four straight one-and-one free throws in the third quarter and Carlson managed to hang on to win 79-62. The Chiefs threw a zone against their visitors in the first quarter by Carlson's Rick Duncil opened up with a barrage of long shots and hit on four of them. He also picked up two free throws to account for 10 of his team's 23 points in sparking a 23-17 edge.

Carlson continued to hold the edge throughout the rest of the game, outscoring the Chiefs 19-15 in the second eight minutes and 17-14 for the third quarter. The winners edged Huron 20-16 in the final frame.

Gracia was tops for the Chiefs with eight goals and six free throws for 22, but the individual high went to Duncil who sank nine baskets and six free throws for 24 points.

Also in double figures were Fred Cordts and Dana Kemp who had 12 each for the Chiefs. Huron finished the night with a sluggish 36.8 percent from the free throw line, slipping in eight of 21 fouls. Their rivals sank 25 of 38.

Huron will meet Grosse Ile on Friday in their third Huron Conference match. The Chiefs will be on the road.

boys would have mocked and resented, like no one else could. The old man loved him and so did all us nurses.

When the old man left the hospital before the boy, he gave the boy a present, (A FOOTBALL) his son brought it for the boy as a small token of thanks for the way he cared for his sick father. Later the boy was transferred to University Hospital for many, many weeks and we found out from articles that appeared in the Detroit News about him, that he was once "Detroit's Prince Charming", and that he was. Not only was he one of the "Most Handsome" boys you ever met but he had a love and compassion you won't find many teenagers nowadays.

I knew he finally got well from (Gr. Crandell) on Garden City staff as he was his doctor and I read about him in your column but when my Dad noticed that he didn't make that all area team I had to write and tell you that not only did you miss out on a TRUE FOOTBALL star but you missed out on meeting one of the finest boys I have ever, ever known, KEN CROFT... Not that you care.. Sue (just a nurse)

Dear Mr. Mooradian:  
I'm a West High student and I'd like to be the first to say that I am not the least bit proud of Kirk Lewis being chosen as an All-Area or All-State griddler.

The statistics written in the article about him being chosen All-State were false and insulting to the boy these statistics do belong to, Jim Simms. Kirk Lewis did not make 14 T D's nor did he make 8 two point conversions this season. The paper is obviously comprising his 3 year total career statistics.

Also, I have been to games where Kirk has been booed off the field and to the point where I felt embarrassed for him because he played so poorly.

I'm convinced that to be an All-Area member or All-State member it's not how you play the game but who you know that counts.

Thoroughly Disgusted

Dear Mr. Mooradian,  
You said you'd challenge anyone to say that the 22 players are not deserving of such recognition on the All-Area teams. Well, No. 1 — Dennis Finrock is not an end — offensive or defensive, although he was the only one that Coach Bob Lusk had thrown the ball to.

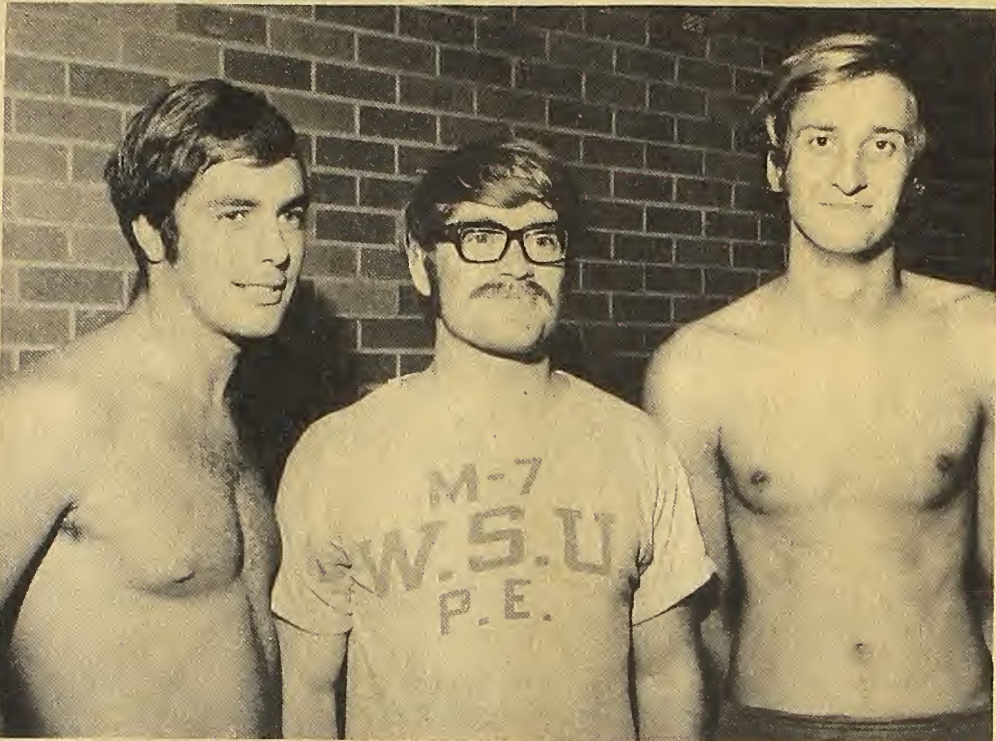

Yes, Finrock deserved to be All-Area, but Joe Mucke, No. 80 (6-1, 185-pounds) was perfect in passing catches department as well. But never got any recognition from the sports writers.

Please remember that name — Joe Mucke. He already has received a few offers and not from small colleges either. He'll be playing football when most of the boys on that all-area team have hung up their jerseys.

TARTARS LED BY BELLEVILLE COACH — Wayne State University's 1971-72 swimmers will be coached again by Peter Roberts, of Belleville, who is entering his third year as the Tartar swim mentor. Roberts will have veterans (from left) senior co-captain Mike Neil (Grosse Pointe-South) and senior co-captain Dale Baggett (Detroit-Western) in his

lineup this season. Both are second-year WSU swimmers, Neil transferring from Northern Michigan and Baggett from Henry Ford Community College. Baggett was the NCAA College Division All-American backstroke last winter and set WSU school marks in the 100 and 200-yard backstroke.

services of their district champ, John Arrington, who has been out this week because of illness. A strong contender in the 167 pound class, Arrington was the runnerup in last year's regional tournament and figures heavily in Stallings' mat strategy this season.

Without Arrington in the lineup, Romulus handed over a 40-18 decision to Bedford earlier in the week. The Eagles will meet Westland John Glenn in a dual meet tonight (Wednesday) with the reserves taking the mats at 6 p.m.

The results of the invitational are as follows:

# Huron High gridders, trackmen honored at rotary banquet

Members of the football and cross country teams at Huron Senior High School were the honored guests at the annual athletic banquet sponsored by the New Boston Rotary Club. The banquet, held at St. Stephen's Catholic Church Hall, New Boston, last Wednesday night attracted 200 parents and students.

The master of ceremony for the annual event was Thomas Russow, athletic director at Huron High School. The guest speaker was Bryan K. Antichiff, superintendent of the Huron School District. The presentation of awards was made by football coach Lee Smeltzer and by cross country coach Keith Reid.

Steve Horvath, president of the New Boston Rotary Club, opened the evening's ceremonies following the invocation by Rev. Alexander J. Wytwal, pastor of St. Stephen's Church.

The award for the most valuable football player went to Ron Thompson. A similar award was presented to Forest Coop, member of the high school's cross country team.

player award went to Wayne Kiser.

A highlight of the banquet was the showing of a film on the Huron High School football games.

The dedication was given by Rev. Daniel H.F. Richert, pastor of St. Paul's Lutheran Church of New Boston.

The co-chairmen of the 1971 athletic banquet honoring the Huron High School football players and trackmen were Elwood Krzyske and Ralph Dugan.

FOR REAL — After a couple of weeks of drilling, like the layup above by Don Hamilton, Romulus started to shoot for real last night when they hosted Class B powerhouse, New Haven. Coach Dave Court's Eagles will be on the road Friday night when they will travel to Brighton. Romulus is playing an independent schedule this season but will have the incentive of defending a district Class A title at home.

# Sports ticket prices hiked

Admission prices at athletic events and activities at Belleville Senior High School have been increased.

The ticket price hikes have been approved by the Van Buren Board of Education and are effective immediately.

School Supt. Dale E. Kaulitz reported that the school district has received approval to raise ticket prices for basketball, football, swimming and wrestling.

Athletic Director Harry Hidenfelter reported that the changes in ticket prices are the first in 25 years.

For football and basketball games, tickets will be \$1.50 and

increase from \$1. Student tickets jumped to 75 cents from 50 cents.

New swimming and wrestling prices will be \$1 for adults and 75 cents for students. The old ticket prices were 50 cents for both adults and students.

Admission prices for baseball and track were not increased.

The school district is not subsidizing the athletic program this year, Kaulitz reported. The school's austerity program prevents it.

Last year a sum of \$18,500 was approved by the school board for the school district's athletic program.

## PCHA meeting planned

A meeting to discuss possible methods of withdrawing from the Peoples Community Hospital Authority (PCHA) will be held at 1:30 p.m. Dec. 10 at the Dearborn Heights City Hall.

Official notification of the scheduled meeting has been received by the Van Buren Township Board in a communication from William Faust (D-Westland), who will preside at the meeting.

The township is a member of the PCHA and pays four-tenths of a mill toward the bond debt retirement and operation of the PCHA.

Several members of the township board have reported they want the right to withdraw from the PCHA.

Mrs. Pat Cullin, board trustee, will represent the township at the meeting.

A series of public hearings before the Michigan Air Control Commission will be held to consider implementation of a plan to control release of dangerous gases into the atmosphere.

The first such hearing will be held in the River Rouge City Hall Dec. 13 from 2 to 4 p.m. and 7 to 9 p.m.

The plan would limit the release of sulfur dioxide, carbon monoxide, nitrogen dioxide and hydrocarbons and oxidants into the atmosphere.

Copies of the proposed limitation plan are available in air pollution control offices located in Southfield, Detroit and Wyandotte.

The Southfield address is 2725 Greenfield, while the Detroit address is 1311 E. Jefferson Ave., and the Wyandotte address is 152 Elm St. for area air pollution control offices.

Copies can also be obtained by writing the Air Pollution Control Commission, 3500 N. Logan St., Lansing, Michigan, 48914.

DERBY WINNERS — Cub Scout Pack 808 of Romulus held its Pinewood Derby recently. The winners of the races were (from left) Jeffery Mullin, second place; David Spitz, first place; and Hal Dubiske, third place.

## Planners study complex proposal

A preliminary site plan for the development of a 40-acre land parcel, located at the southeast corner of Tyler and Haggerty roads, has been submitted to the Van Buren Planning Commission.

The site plan was presented to the Planning Commission by Lance Davis of the Arel Corp. of Detroit. The commission has taken the site plan under study.

The firm proposes to construct quadruplex buildings possibly condominium type designed to attract young people or retirees and older couples whose children are grown.

Davis reported that each building in the project would resemble a large house containing four units and a four-car garage.

The site is designed in such a way as to allow for as much green open area as possible with buildings in clusters, according to the developers.

The project would include two community centers and the project would not be subsidized for low income.

# Drug program for area discussed at Annapolis

A group of local officials, doctors and hospital administrators met yesterday to discuss the possibility of coordinating a comprehensive drug program for Western Wayne County.

The meeting, held at Annapolis Hospital in Wayne, was called by Dr. Karl S. Klicka, executive director of the Peoples Community Hospital Authority (PCHA), to try to pull together some of the various groups which have approached the facility requesting service.

According to Myles P. Lash, assistant to Dr. Klicka, the group reviewed the various types of drug programs already in existence in the area, as well as those in the developmental stages.

It also assessed the physical and personnel resources which are currently available from the local health care institutions, Lash explained.

"This group immediately recognized that an attempt must be made to develop a comprehensive drug program for Western Wayne County," Lash said. "A monitoring agency must be established and a coordinating mechanism among various agencies in this area must be developed."

A major benefit of such action, he said, would be when applying for county, state or federal funds for drug programs, since one agency could represent the various groups. This would enhance the chances of getting aid.

The group will hold its second meeting on Jan. 5 to focus attention on recognizing the needs of drug-dependent individuals in Western Wayne County. It also hopes to try to establish some type of rapport with the various funding agencies, Lash said.

Those attending the meeting were, in addition to Dr. Klicka and Lash, Walter Wheeler, administrator of Annapolis Hospital, Frank MacDonnell, alcoholism therapist, Charles Klevgard, director of social services, and Neil Caldwell, chief of pharmacy, all of Annapolis Hospital. Also Mrs. Jean Melton of the Hegira Drug Center in Inkster.

Charles Stern and David Osborne of the Community Commission on Drug Abuse, Dr. Michael Werckle, associate director of general hospital division, Wayne County General Hospital, Earl Lamb of Romulus, Mayor Hyle J. Carmichael of Romulus, Dr. Elmer Goerke, physician at Annapolis Hospital, Councilman and PCHA board member Mrs. Justine Barnes of Westland and Hiram McNeely, PCHA board member from Inkster.

Tallest man on Michigan State's 1971-72 Freshman basketball team is 6-9 All-America prep star Lindsay Hariston out of Detroit's Kettering High School.

Michigan State's six home football foes for 1972 are Georgia Tech, Notre Dame, Wisconsin, Purdue, Ohio State and Northwestern.

## Kelsey Products Division part of automotive group

W. D. MacDonnell, president Kelsey-Hayes Company, Romulus, has announced the formation of a new automotive and truck group.

This reorganization will provide efficient effective continuity and non duplication of effort by bringing together those manufacturing facilities which produce parts, components, sub systems and systems for the automotive and truck industry.

The following divisions will be made an integral part of this automotive and truck group: Wheel, Drum & Brake with plants at Romulus, Detroit, Jackson, Brighton and Milford, Michigan and Kingsway, Ohio; Kelsey Products Division, Romulus; Gunite Division, Rockford, Illinois; Fabco Division, Oakland, California; Kelsey-Hayes Canada, Ltd. with plants in Windsor, Woodstock and St. Catharines, Ontario.

## ASCS invites freeze questions

The Wayne County Agricultural Stabilization and Conservation Service (ASCS) continues as Economic Stabilization Program Information Centers.

Wayne County residents can get official information on Phase II of President Nixon's Economic Stabilization Program at the Agricultural Stabilization and Conservation Service Office, says Mrs. Dolores Londeau, the county executive director.

"As the nation enters Phase II, ASCS county offices along with the Internal Revenue Service will continue to provide public information at the local level," Mrs. Londeau said.

The county ASCS office will receive regular updated information from the President's Cost of Living Council, Price Commission and Pay Board.

Residents calling or visiting the county office about a wage-price problem will get answers on the spot if the questions fall within existing guidelines.

More complex questions will be forwarded by county office personnel to the nearest IRS office for reply.

"We are not authorized to handle complaints, violations, and requests for exemptions, but we will forward them to the IRS District Headquarters Office," Mrs. Londeau explained. Mrs. Londeau also said that the name of anyone filing a complaint or violation will be kept confidential.

Any questions that cannot be answered by ASCS or interpreted by the IRS district office will be forwarded for higher level action.

Details on procedures for appealing decisions also are available upon request.

The county ASCS office, located at 3716 Newberry St., Wayne, is open from 8 a.m. to 4:30 p.m. The telephone number is 721-7932.

## Bride's six sisters are in wedding party

In a mid-autumn ceremony at the First United Methodist Church of Belleville, Phyllis Jean Ery became the bride of Terrence John Robison. Double ring vows were exchanged before the Rev. Charles Dibley at seven in the evening.

Candlelight formed the setting along with two altar baskets of gladiolas and mums as Phyllis approached with her father. She appeared in a princess-style peau de soie gown made by her mother. Lace and seed pearls accented the high neckline, the wide, buttoned cuffs on the sheer long sleeves and the detachable chapel train. Tucked into her sleeve was an 81-year-old handkerchief belonging to her great-grandmother.

MR. AND MRS. TERRENCE J. ROBISON

Her elbow-length silk illusion veil was caught to a cap covered with satin, lace and seed pearls, also made by her mother. Her bouquet was comprised of cascading white daisy mums and ivy centered with an orchid corsage.

**PARENTS OF THE** young couple are Mr. and Mrs. Alvin Ery of 831 E. Huron River Drive, Belleville, and Mrs. Mary Robison of 34221 Cherry Hill Road, Westland.

A school friend of the bride, Mrs. Cathi Speiss of Ypsilanti, served as honor attendant in a gown styled along the same lines as the bride's dress. The flocked yellow polyester creation also made by Mrs. Ery was accented with daisy and velvet ribbon trim and her little headpiece, also similar to the bride's, was in material to match her dress with daisy trim as edging. Her nosegay was made of yellow daisy mums.

The bride's six sisters made up the bridal coterie. Sandra, Ruth and Debra Ery, all from Belleville, and Mrs. Susan De Bord of Ypsilanti were bridesmaids while Carol and Nancy Ery were their sister's junior attendants.

All wore gowns made by their mother with the bridesmaids in green and the juniors in blue with headgear and bouquets to harmonize.

**THE BRIDEGROOM** asked James Jobe of Belleville to serve as best man. The corps of ushers included Gilbert La Blanc of Belleville; Mark Englehart and Richard De Bord, the bride's brother-in-law, both from Ypsilanti; and Randy Pettit, the bride's cousin from Tecumseh.

For her daughter's wedding, Mrs. Ery donned a pink dress with black accessories. Her corsage was of pink carnations. The bridegroom's mother wore an ice blue dress with black accessories and corsage of blue-tipped carnation corsage.

Following the ceremony a reception was held at Local No. 166, Ypsilanti, where the wedding cake made by the bride's aunt, Mrs. Olan Pettit of Tecumseh, was served.

The newlyweds spent a few days in Northern Michigan and the Upper Peninsula and then took up residence at 34806 Cherry Hill, Westland.

Both young people are graduates of Belleville High School. Phyllis, a 1968 graduate, is employed by Michigan Bell Telephone in Ann Arbor. Her husband, who works at Toyota in Ann Arbor, was a member of the class of 1966.

**HOLIDAY BREAD** — Apple Oat Flake Bread is a rich and moist combination of fortified oat flakes with apples and nuts. It's one of these do-ahead goodies you can make for

holiday season guests or to give as gifts to those who don't have time for baking. (Courtesy Post Fortified Oat Flakes.)

### For your recipe file

## Oat flakes make fine apple bread

There's good cheer and good eating in store for those who try this flavorful Apple Oat Flake Bread. The bread is rich and moist, a distinctive taste and texture combination of Post Fortified Oat Flakes, nuts, and apples. The flavors mellow

with storing and the bread freezes well, making it a comforting thing to have on hand for unexpected guests and for days when your menu cries for a touch of something more.

There's a secret nutrition weapon in the fortified oat flakes themselves. One ounce of cereal with milk provides more protein than a whole egg, is enriched with 100 per cent of the adult Minimum Daily Requirement for iron, and supplies important amounts of several essential vitamins.

Blended with other ingredients in the recipe given here, the fortified oat flakes make delicious bread which is a natural companion for butter and marmalade. Serve it on some dark and dreary winter day, or make it a splendid holiday gift.

### Apple Oat Flake Bread

- 2 cups sifted all-purpose flour
- 2 1/2 teaspoons double-acting baking powder
- 1 spoon salt
- 1 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 1/8 teaspoon allspice
- 2/3 cup firmly packed light brown sugar
- 1 1/2 cups fortified oat flakes
- 1 cup finely chopped peeled cooking apples
- 1/4 cup chopped walnuts
- 2 eggs, well beaten
- 2-3 cup milk
- 2 tablespoons unsulphured molasses
- 1/4 cup shortening, melted and slightly cooled

Sift flour with baking powder, salt, and spices. Add sugar, cereal, apples, and nuts. Combine eggs, milk, molasses, and shortening; add to flour mixture, stirring just until all flour is moistened. Pour into a well-greased 8x4-inch loaf pan. Bake at 350 degrees for 60 to 65 minutes. Cool in pan 10 minutes; then remove from pan and finish cooling on rack. Note: For easier slicing and mellowing of flavors, store bread overnight wrapped in wax paper, plastic wrap, or aluminum foil.

## New house costs, sizes shrink

New single-family homes dropped in price in 1970—because of an even sharper drop in size, U.S. Bureau of the Census figures indicate.

Median price eased 8.6 percent to \$23,400 while floor area was squeezed 12 percent to 1,400 square feet. Square-foot cost went up by three percent from 1969 to \$16.71.

Most new units continued to be one-story with wood or brick exteriors, but fewer had basements, garages, fireplaces and appliances.

## Wedding to be held in April

The engagement of their daughter, Catherine Arlene Wilson to Martin Aaron Clevon, III, is announced by Mr. and Mrs. Laurence E. Wilson of 6766 Morton Taylor Road, Belleville.

Miss Wilson, who is planning an April 15 wedding at St. Mary's Catholic Church in Wayne, is in her senior year at Eastern Michigan University and will graduate this month.

The prospective bridegroom, who teaches in Gwin Area Public Schools, is a graduate of Northern Michigan University where he affiliated with Delta Sigma Phi Fraternity. He is the son of Mr. and Mrs. Martin A. Clevon, Jr. of Ispeming.

# Lowe-Maichele exchange vows in Ann Arbor

Two baskets of yellow and white mums graced the altar of Bethlehem United Church of Christ in Ann Arbor November 13 as Sandra Lee Maichele approached on the arm of her father, Raymond H. Maichele.

Her waiting bridegroom, Jerry Duane Lowe, son of Mr. and Mrs. Arnold Lowe of 1133 Davis Street, Ypsilanti, asked his brother, William Lowe of Belleville, to be best man. The bride's honor attendant was her sister, Mrs. Roger Adkins.

Presiding at the double ring nuptials at seven thirty in the evening was the Rev. Richard E. Simonson with Mrs. Michelle Johns providing traditional wedding music.

MISS PARDON

## Summer wedding planned

Susan Yvonne Pardon and Michael William Byrom are engaged and making plans for a late summer wedding in 1972. The bride-elect's parents, Mr. and Mrs. Emmett Pardon of 739 Savage Road, Belleville, are announcing their betrothal.

Both young people are 1971 graduates of Belleville High School. Miss Pardon is currently in her freshman year at Eastern Michigan University and her fiancé is working for the Ford Motor Company in Wayne.

Parents of the prospective bridegroom are Mr. and Mrs. Donald Byrom of 14386 Louisa Drive, Belleville.

THE DAUGHTER of the Raymond H. Maicheles of 2237 George Avenue, Ypsilanti, Sandra chose for her wedding a Chantilly lace gown designed with a high Spanish lace collar on the little fitted bodice and long sleeves which ended in points over the wrist. Complimenting the bouffant-skirted creation was a Spanish mantilla of Chantilly lace which cascaded into a long train.

Completing her ensemble was a colonial arrangement of yellow sweetheart roses and white mums.

Mrs. Adkins wore for her role as matron of honor a floor-length gown fashioned with a long-sleeved dark green velvet bodice and skirt of pale green lace over taffeta.

Her headdress in matching velvet was a cap made of three petals to which a short, pale green veil was attached. Her bouquet was comprised of five long-stemmed yellow roses.

USHERS INCLUDED Patrick Brachman of Belleville; Peter Dey, the bridegroom's cousin from Romulus; and Scott Maichele, the bride's brother from Ypsilanti.

At the reception, held in the home of the bride's parents, some 100 guests were greeted by Mrs. Maichele in a navy blue suit with piped white. The bridegroom's mother was dressed in a grey coat dress trimmed in camel. Both mothers were presented with corsages of yellow sweetheart roses.

The new Mrs. Lowe was graduated from Belleville High School in 1966 and currently works as secretary to the Psychology Department director at Eastern Michigan University. Her husband attended Ypsilanti High School and is now employed by the Ford Motor Company in Ypsilanti.

The newlyweds are making their home at 771 Campbell Avenue, Ypsilanti.

## Sage sausage buys

Excellent insurance for providing for holiday drop-in guests is an ample supply of ready-to-serve smoked sausage products such as salami. Sliced, cubed or cut in julienne-style strips, salami is ideal for quick sandwiches or snacks. It can also be combined with many convenience pasta or rice products to produce a hot and hearty luncheon or supper casserole.

SHE'S LEAVING — Miss Helena McCullough, who has been in charge of the Fred C. Fischer Library in Belleville for the past eight years, will retire from her duties December 18. Appropriately enough, she was photographed at what she considers the nucleus of any library — its card catalog files. Her prime target during her Belleville stay has been teaching youngsters how and

where to find the book they want by utilizing the catalog system. Miss McCullough, who plans to move to Detroit and concentrate on volunteer hospital work, will be feted Saturday, December 11, at an open house from 1 to 3 p.m. Her many friends and all patrons and children especially, are cordially invited to stop at the library, 167 Fourth Street, to say good luck.

# Late autumn visitors come from out-state

By MRS. JOSEPH SPRING  
OX 9-4021

Mr. and Mrs. John Zuroff of Savage Rd. returned home on Sunday, Nov. 28, after having spent the previous week with their son-in-law and daughter, Mr. and Mrs. Harold Clayton, at Stone Mountain, Georgia.

Dr. James Buck, who is attending Johns Hopkins Medical School at Baltimore, Maryland, enjoyed the Thanksgiving week-end with his parents, Mr. and Mrs. Russell Buck of E. Huron River Dr. He also celebrated his 25th birthday on the holiday making a double celebration.

Guests the week of November 21, at the Expressway home of Mrs. Katherine Hovey were her daughter and husband, Mr. and Mrs. Charles McCrady, and children, Mitchel, Mark, and Michele, from New Port Richey, Florida. Also home for the holiday week-end was son Elmer who is attending Western Michigan University at Kalamazoo.

Others, who joined the group later in the day, were Mr. and Mrs. Harold Butzin with Harold, Cheryl and Bobbie, along with friends, Sonny Hine of Ypsilanti, Clyde Strubbe, Dallas Power, and Steve Riggl, all of Belleville, not forgetting Dianna Hovey, who lives at home with her mother.

Mr. and Mrs. Robert Beasecker of Fremont spent the holiday week-end with the former's parents, the Frank Beaseckers, of Liberty St.

Mr. and Mrs. Neil Griffin and family and the former's mother, Mrs. Elda Bohl, of Robson Rd. were at Cobo Hall last week Friday evening for the ballet performance of the

royal Lipizzan Stallions. The horses, known as the "ballet dancers of the equine world," have been bred and trained for over 400 years at the Spanish Riding School in Vienna, Austria.

After spending a week in Manchester, Tennessee, Mr. and Mrs. Clyde Woods returned home just in time to Celebrate Thanksgiving with their daughter, Donna Gavin, husband and family at their home on Cogswell Rd.

Mr. and Mrs. Roy Edwards of Zanesville, Ohio, were recent callers on Mr. and Mrs. Chester Baker of Liberty St.

Mrs. Helen White and son James of Bedell St. enjoyed a weeks vacation and the Thanksgiving holiday with relatives in Illinois, Mr. and Mrs. Otto Reuther, of Effingham, Mr. and Mrs. John Slugocki of Mattoon. Where there they attended the 25th anniversary of the general Electric Plant at Mattoon where Mrs. White's sister has been employed for the past 20 years.

On Tuesday they were luncheon guests of James' uncle and Aunt.

Mr. and Mrs. Virgil White, of Effingham.

Holiday dinner guests of Mr. and Mrs. Loyd Orr of Harmony Lane were the former's brother and wife, the Floyd

Orrs of Lincoln Park, and Gary Vaughn of Robson Rd.

Mrs. Cora Bradshaw and Mrs. Elizabeth Leschinsky were callers on Sunday of last week of Mrs. Bessie Otter, a resident at the Huron View Lodge at Ann Arbor.

Mr. and Mrs. Edgar Quinley of Sumpter Rd. returned home on Monday, November 29, from Patuxent River, Maryland, after having spent a week with their daughter and husband, Lt. and Mrs. Larry Traskos, and two small daughters.

Mr. and Mrs. Robert Akens and family of Saline were

## She's retiring

By LEE SMITH  
Women's Editor

The Belleville area's many book lovers will be losing a close friend and devoted public servant December 18 when the head librarian at the Fred C. Fischer branch leaves her duties for the next chapter in her life — retirement.

But in the case of one Miss Helena McCullough, retirement is synonymous with activity, involvement and contact OR 'keeping busy, staying involved with books and keeping in touch with youth.' Her future plans call for a move to Detroit (hopefully in the area of the library) and volunteer hospital work where she might read stories to children or possibly tutor bedridden youngsters.

Miss McCullough's qualifications for such a venture include the 17 years she worked as a patients' librarian at Herman Kiefer Hospital.

Her tenure at the Detroit tuberculosis-treatment center resulted in some of the closest friendships she ever formed, mostly former T.B. patients with whom she had daily contact through books.

She was at Kiefer when 1,040 was the height of its admissions and was there in 1944 when the wonder drug, streptomycin, was discovered and announced to the world. She was there to feel and share the anxieties of those waiting for the antibiotic to be

manufactured and doled out, many of the patients having been confined for years which, until then, had seemed hopeless.

SHE DEPARTED Kiefer when its admissions fell to below 100 (due to the new drug). On accepting her first branch work in Belleville, she discovered a whole new vista, that of seeing children grow before her eyes. There were times during her eight years, she said, when she'd look 'up to one of her suddenly-adult patrons and wonder, "Where did the 'little one' go?"

Past experiences in Miss McCullough's life would fill a book but since she preferred concentrating on the present, we agreed to touch only lightly on days gone by.

Before Kiefer there were two earlier years of institutional service in Cleveland when she worked at Crile Army Hospital as librarian for its psychiatric, orthopedic and plastic patients — seeing, first hand, veterans in the process of being 'put back together' again.

Then, too, she spent about five years working in junior high libraries in Cleveland and prior to that taught elementary grades there for 12 years.

In summing up her years in the Belleville community, Miss McCullough said, "There are some, I'm sure, who thought me rather stern. And especially where the card

catalogues were concerned. But showing patrons how to use them was of the utmost importance."

She stressed that her prime interest while in branch work was teaching children how to use the file and that, on learning, they would be able to use ANY library and learn to be at home in one.

SHE DESCRIBED what a delight it was to see little third and fourth graders march in, go directly to the catalogue listings and know exactly how to find the books they were seeking.

"If the only thing I've accomplished is teaching THAT basic step and having each person realize that every library belongs to them (as taxpayers), then I feel I've succeeded in my role."

Saturday, December 11, an open house in honor of Miss McCullough's pending departure will be held from 1 to 3 p.m. at the library. All patrons and friends are cordially invited to stop by to chat over punch and cookies (children included) and to enjoy the holiday touches "Mac's" given to our library in her closing season here.

## Easy partition

Fastest and easiest way to construct a partition in a basement is on the floor, then raising and attaching it to ceiling as a unit. Overall height should be 3/4-inch less than floor-to-ceiling height.

## Amy Vanderbilt's etiquette

# Lack of thanks cuts off gifts

By AMY VANDERBILT

"Dear Miss Vanderbilt: I have sent my niece and her children gifts every year since they were born. I never get any letters from them and the only way I know the gifts have been received is from a sister who is the mother and grandmother of the children. She says they always look forward to the box at Christmas time. I mentioned it to my sister but she does not correct them and my niece says she is busy and doesn't have time to write.

"The children are now teenagers and I feel should be told to write a thank-you note. I hate to see them brought up in this manner. I used to enjoy sending things when the children were little, but I am older now and have need for the money myself so I wrote them that I would send no more gifts beginning this Christmas. Did I do the right thing? M rs. R.L."

I think you have been very patient indeed. You should have come to terms with this rudeness long ago, explaining to your niece exactly why you were discontinuing the sending of gifts. Appreciation is one of the most important things in our lives. We must teach our children the happiness it brings. They must learn that it is selfish to receive and never give thanks, that it is rude and indicative of careless upbringing.

"Dear Miss Vanderbilt: I am a 17-year-old boy in high school. My grandparents are going to have their 40th wedding anniversary. Would it be proper for me to have their picture put in the paper? Also, I would like to know what kind of gift would be proper for me to give them. Also, please tell me some of the customs associated with the 40th anniversary. —L.E."

The 40th anniversary is noted by the ruby or garnet. It is a less important anniversary than the 50th, but nevertheless certainly worth celebrating. I think you must discuss the matter with your grandparents and then tell them that you would like to help them celebrate it. Your parents could give them a tea or an open house where you could help or, if your parents are not able to do this and you can manage it, you might like to take them out to dinner.

## Include recipe

To personalize a gift of meat include with the card a favorite recipe (or recipes) that uses the meat you give to good advantage. Then after the meat has been enjoyed, this second gift - the recipe - can be used over and over again.

You don't need to give them anything in rubies or garnets, of course, but you might like to send your grandmother some red roses and tell her that they stand for the rubies you can't give at this time.

You may offer your grandparents picture together with the necessary (typewritten) information. Send a glossy 9 x 12 print of the picture, carefully identified and do not expect it back.

MISS RHODES

## April 29 is their altar date

An April 29 wedding is being planned by Gerry Lynn Rhodes whose engagement to Gerald D. Robson is announced by her parents, Mr. and Mrs. Harvey Rhodes of 6773 Sheldon Road, Belleville.

A 1971 graduate of Belleville High School, Miss Rhodes is currently attending Patricia Stevens Modeling School in Detroit. She also is employed at the Gift Gallery at Westland Center.

Her fiancé, son of Mr. and Mrs. B. Robson of 7748 Weddel, Taylor, graduated in 1967 from J.F. Kennedy High School there. He received his discharge from the U.S. Army in December of 1970 and is now employed at the Sheldon Road Ford Plant, Plymouth.

## Men's Club dance ushers in holiday season

THE MEN'S CLUB of St. Anthony's chalked up a big, successful 'first' Saturday night as they staged their initial (and what is hoped will be 'annual') parish-community dance.

Through the efforts and cooperation of club members, the school gym was transformed into a colorful ballroom with blue and white fringed streamers forming a false ceiling and a revolving mirrored ball adding a touch of a dance era long past.

Then, too, there was the huge Christmas tree aglow with tiny sparkling lights to greet guests as they entered. Draperies in subtle shades of blue, white and red lined the walls and round tables for eight bordered the dance floor giving even further night club effects to the evening.

Some 78 couples danced to the music of Tom Houghton's five-piece orchestra in between table-hopping and getting reacquainted with one another. A baby grand piano was brought in especially for the event through the efforts of Les King.

Father Raymond Skoney and his associate, Father Charles Borowski, were on hand to greet the guests - many family groups making up tables and with a number of couples coming in from earlier cocktail parties, concerts and holiday galas which sort of pre-empted the early part of the evening.

All in all, it was a festive party and one the Men's Club hopes to repeat in the spring.

## Birthday is also a time for re-uniting

THE 76TH BIRTHDAY of Mrs. Martha Jackson of Ypsilanti was occasion for a family reunion recently at the home of Mr. and Mrs. Melvin Wilson of Romulus. Daughters, Mrs. Alice Herrill and Mrs. Sharon Wilson, acted as hostesses at the party which centered on a pot-luck dinner.

Attending the celebration were the honoree's three sons, four daughters, 31 grandchildren, and eight great-grandchildren as well as many friends.

Mrs. Jackson's only living sister, Mrs. Liley Bradley of Wild Goose Lake, Michigan, was among the relatives who were together for the first time in 20 years.

## Fleurettes feted at farewell parties

A WEEK OF FAREWELL parties and supper honored Mr. and Mrs. James Fleurette of Cogswell Road, Romulus, who departed recently for their new home in Fort Myers, Florida.

Mr. F. Retired this year after 23 years employment with Norwalk Truck Lines and his wife retired after seven years service as supervisor with Famous Cleaners in Detroit.

The Fleurettes lived in Romulus for 14 years and were members of St. Aloysius Catholic Church.

## Curriers sojourn in Acapulco

RECEIVED A very nice card from Bill and Lillian Currier who were taking a little pre-holiday season vacation in Acapulco (making me just a bit envious since it arrived on one of those blah December days we get so often.)

Bill says the fishing down there was great and they'd been running into Bellevillities all over the place. (Not being able to get Bill on the phone, we couldn't track down any other names.)

## A lovelier you

# Low-calorie party fare

By MARY SUE MILLER

Pity the reducers as the party season rolls around. Even those bite-size canapes and appetizers make a risky bite. Too often the ingredients are calorie-loaded.

What can the reducer do? Refuse and feel sorry for herself? What should the hostess do? Provide a few low-cal tidbits, of course. The recipes, below, are meant merely to stimulate your imagination. The idea is to cut "hidden" calories that add nothing to taste, only to weigh. The count to aim for is under 20 calories per helping.

Anchovy Dip for crisp carrot and cucumber strips. Make up combining dieter's mayonnaise with anchovy paste to taste.

Celery Cups. Tiny stalks of celery hearts, heaped with chive cottage cheese. Fluff cheese with dashes of Worcestershire or Tabasco.

Tartar Canapes. Mix 1/2 pound finely ground lean raw beef and 1 1/2 teaspoons dry mustard, 1 grated clove garlic, 1 tablespoon Escoffier Sauce, chopped parsley. Blend well and serve on slender fingers of thin dark bread. Garnish with dot of roasted red pepper. (About 16 pieces.)

Curry of Shrimp. Boil fresh or frozen shrimp with curry powder, grated onion, lemon juice, black pepper. Serve on picks.

Spiced Eggs. Thinnest slices of sliced hard-cooked egg on melba rounds. Spread with mixture of chili sauce, horseradish and capers.

If customers would think more

# Bell could reduce costs by \$1.5 million

Michigan Bell says it could reduce operating costs by at least \$1.5 million a year across the state if more customers would consult their phone books before dialing "411" for directory assistance.

The problem, according to local Bell manager Eugene L. Greek, is excessive use of "411" service. He said the service is growing at a rate of 10 per cent a year.

"Of the some 637,000 calls a day now handled by our '411' operators around the state, about half are for numbers which can be found in current directories," Greek explained.

In an effort to contain this growth and encourage customers to check their directories, he stated that Michigan Bell's "411" calls with the phrase 'New Number Information.' In addition, operators will clearly tell callers when the numbers they've requested are already

listed in the phone books," he said.

"Recent surveys show that about 10 per cent of telephone customers make about 50 per cent of all directory assistance calls. That means a majority of customers is bearing the burden of cost for the small per cent who regularly make excessive use of the service," he added.

"Michigan Bell spends about \$6 million a year to publish the directories and over \$10 million a year on directory assistance. Obviously, a significant portion of the cost of '411' service is used to supplement the service already provided by the directory."

"What we are attempting to do," he explained, "is to bring the 10 per cent growth rate of '411' more closely in line with our annual three per cent average rate of growth in basic telephone service."

"In other words, our '411' service has grown about three times faster than our basic service. This realignment could save us at least \$1.5 million a year."

He noted that a test of the 'New Number Information' concept was recently conducted in Kalamazoo, and is reduced '411' volume by more than seven per cent in the first week.

Greek pointed out that there are occasions when '411' service would be needed for something other than new numbers. "There are times, for example, when no directory is available or when customers simply can't find the numbers in the book."

"By attempting to make better use of the directory service and encouraging customers to check first before dialing '411', we feel there can be a significant savings — a savings which will ultimately benefit everyone."

## Ann Arbor hearing slated on '72 sugarbeet wage rates

The U.S. Department of Agriculture recently announced a series of public hearings on determining wage rates for the 1972 crop of sugarbeets.

Nick H. Smith, chairman of the Michigan State Agricultural Stabilization and Conservation Committee, announced that the meeting in Michigan will be held on Dec. 10, at Weber's Inn, 3050 Jackson Rd., off Exit 172 of I-94 in Ann Arbor.

The meeting is scheduled to begin at 9:30 a.m. This will be one of a series of meetings being held in cities within the major producing and labor supply regions of the sugarbeet industry.

One condition which producers must meet to qualify for payments under the Sugar Act is to pay wage rates not less than those determined to be fair and reasonable by the Secretary of Agriculture after public hearings and investigations.

The minimum rate for

workers hired on a time basis in 1971 was \$1.85 per hour.

For workers hired on a piecework basis, the following minimum rates were in effect: \$13.50 per acre for thinning operations, \$17.50 for hoeing, \$21.00 for hoe trimming, and \$11.00 for weeding, if required after the thinning, hoeing, or hoe trimming operations. These rates apply when the rows of sugarbeets range from 20 to 27 inches wide.

The sugarbeets are planted in wider rows.

The wage provisions apply to all persons employed on the farm in the production, cultivation or harvesting of sugarbeets marketed or processed for the production of sugar, including part-time workers. Also, field supervisors directing such work and truck drivers employed by the producer are covered under these wage provisions.

require that workers must be paid in full in cash at rates agreed upon between the producer and the worker. These rates must not be less than the minimums determined by the secretary to be fair and reasonable and as specified in the wage regulations.

To obtain the best possible information to establish that wage rates are fair and reasonable, public hearings are held yearly at which time interested persons may appear to express their views and present appropriate data to justify current wages or to recommend changes.

## City laws will be codified

Romulus City Council has approved an ordinance calling for the codification of all current ordinances into book form.

City Clerk Leonard J. Folmar stated the codification of city ordinances would facilitate council references to current ordinances and administrative guidance on city laws and codes.

The codification ordinance would permit a more orderly and systematic method of compiling ordinances and also would provide for the addition of amendments or repeal of sections of the codification ordinance.

## Society has Yule party

The Metropolitan Detroit Branch of the National Multiple Sclerosis Society, Michigan Chapter, and the Myasthenia Gravis Association will hold their annual Christmas Party this Saturday, (Dec. 11) from 1 to 4 p.m. at the I.B.E.W. Building, 1358 Abbott, Detroit.

William Popko, division manager for Allstate Insurance in Southfield, chairman of the event, has announced that all patients with multiple sclerosis (M.S.) or Myasthenia Gravis (M.G.) and their immediate families are invited to attend. Pre-registration is required and free tickets will be mailed to those requesting them. For reservations call 342-1770 (M.S.) or 342-5939 (M.G.)

Mrs. John Mitchell of 5420 Longmeadow, Birmingham, is in charge of entertainment and has announced that this year's celebrities include Bozo the Clown, Gordie Howe, the International Folk Dancers, Sonny Grandelius, Detroit Fireman clowns, the Masques, Bob Talbert and Pam Eldred (Miss America, 1971). Judge Vincent Brennan will see that Santa appears at the Affair.

## Jaycees presents check for patients

Romulus Jaycees Chairman Larry Ervin and 37 members of the Jaycees have presented Michigan Kidney Foundation Director Dave Sinclair and local Kidney Kandy Chairman John Johnson with a check for \$692 representing over 100 hours of work in selling Foundation Kandy.

This money will be used by the Kidney Foundation in its work to provide drug banks for kidney patients. There are presently 19 drug banks in Michigan supported through the efforts of groups such as the Jaycees through Candy sales.

Kidney Foundation representative John Johnson of Romulus stated that for the second year in a row the Jaycees have helped substantially in the drive for funds.

Chairman Ervin pointed out that the Jaycees are happy to

help the foundation, which has invested tens of thousands of dollars on just two Romulus families alone.

The Jaycee Auxiliary is also helping by collecting Betty Crocker Coupons which are turned in for kidney machines.

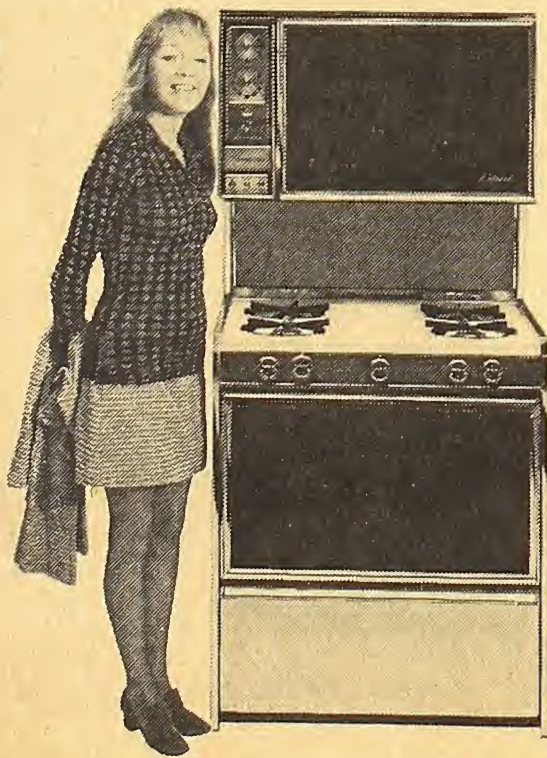

The Jaycees and the Kidney Foundation appreciate the support of the community in this effort, Johnson said.

## Seniors club meets tomorrow

The Sumpter Township Senior Citizens Club will meet tomorrow (Thursday) at the Sumpter Elementary School, located at 23501 Sumpter Rd., Belleville.

Club President Mrs. Vera Smith urged all members to be present to finalize all business of the year.

No more dirty work with a self-cleaning Gas range.

Just think of it. You'll never have to get down on your hands and knees to scrape and scrub the dirty, greasy insides of your oven again. Because today's modern Gas ranges have self-cleaning ovens. Forget about baked-on splatters. And rock-like spills.

With a self-cleaning oven all you have to do is turn a knob and the messiest job in your home (oven cleaning) takes care of itself. Giving you time to take care of the more pleasant things in your life.

But a self-cleaning oven is just one good feature in today's modern Gas range.

With Gas you have the advantage of smokeless closed door broiling. Infinite heat control. And best of all, total economy. Because a modern Gas range uses less Gas to do the same job. And a Gas range costs about one-fourth as much to operate as an electric one.

So before the holidays, stop by your dealer or any Michigan Consolidated Gas Company showroom, and buy a new Gas range with a full range of features.

A new Gas range will save you Gas and money too. And remember—oven cleaning is no job for a lady.

## Ford manager named

Edgar O. Miller has been appointed manager of Ford Motor Co's Rawsonville General Parts Division. He succeeds R. A. Winder, who retired.

Miller is returning to a position he held from March, 1969, to December, 1970. He has served the company as executive engineer in the Division's Product Engineering Office during the last year.

He was manager of Ford's Ypsilanti General Parts Division plant from 1967 to 1969. Prior to that he had held a number of managerial posts with the division.

Miller joined Ford Motor Company in 1948 and held various positions on the manufacturing staff before moving to the Rawsonville plant in 1957. He became production control manager there in 1962.

Miller lives with his wife, Jean, and daughters, Deborah Ann, 18, and Kim Irene, 14, at 21238 Woodfarm Dr., Northville.

## Wayne Federal fills board vacancy

Chairman of the Board of Directors of Wayne Federal Savings and Loan Association, John E. Vallance, announced Monday the election of Harold Sleicher to fill a vacancy in the directorate.

For many years a resident of Belleville, Sleicher previously represented that area on Wayne Federal's board from 1960-68. The board members as well as shareholders welcome his return.

Sleicher is recognized for outstanding service to the community. After his retirement as general manager and treasurer of the Enot Foundry Co., he devoted himself to working with the Boy Scouts, the YMCA and the Wayne Rotary Club.

He is a past president of Wayne Community Schools Board of Education and has held many offices in the American Legion.

## Pupils study the West

Students in Stewart Israel's social studies class on American Expansion at South Junior High School, Belleville, are busy these days working on a western settlement.

The project began by getting a group together, done by putting up posters in the classroom advertising the trip.

As plans advance for the trip, lists of supplies are made, maps are laid out and a route is chosen. As the pioneers go west, they will keep a diary on the many adventures they experience.

Upon arrival, the immediate task is to set up a town government and lay out plans for the building of the new town.

## ...and Spotlights

By DAVE FERDON

The Romulus High School Theatre Arts Club recently staged its first of two plays for the year, "The Mouse That Roared."

Activities have not stopped however. The growing club will be indirectly involved in productions by the Belleville Community Players and the Romulus City Players during the interim prior to casting of "Up The Down Staircase" in March.

Elected officers "William Crook, Andy Bledsoe, Renee Dembinski and Mike Humphrey—will provide the leadership necessary in

organizing the club and coordinating the vast variety of activities in preparing for this year's second performance.

The Theatre Arts Club philosophy is simple: involve as many people as possible in the all-school plays. Production of "The Mouse That Roared" involved business, industrial arts, art, photography, music, English and drama classes, the Wayne-Romulus Civil Air Patrol and members of the Romulus City Players, each willing to contribute to the success of the play.

The work done by old and

new members of the Theatre Arts Club surpassed any single group contribution.

Past members doing their share are William Crook, Andrea Payne, Denese Ryan, Adele Austin, Marge Rohde, Barbara Curley, Cyndy Snyder, Nancy Smith, Russ Ginther and Al Culbreath.

New faces outnumber the old as 26 students join forces with old. They are: Joe Bledsoe, Andy Bledsoe, Pat Martin, Eileen MacCormack, Ronnie Stout, Scheryl Beaubien, Brenda Caldwell, Kathy Yates, Mark Lewkowicz, Terry Humphre, Dan Hatcher, Terry Milliken, Margie Holtman, Glen Bowles, Jill Haislip.

## Six appointed to commission

The appointment of six Romulus residents to fill vacancies and expired terms on the Community Relations Commission of Romulus have been approved by the city council.

The council also authorized the payment of \$10 expense for commission members and \$15 for the commission's secretary for each meeting of the commission. The meetings are not to exceed 12 per year. The expense payments begin on Dec. 1, 1971.

The council acted on recommendations of Mayor

Hyle J. Carmichael. Those appointed are:

Thomas Coleman, 35854 Vivewood; Police Chief Jacob J. Koch, 12030 Craig and Miss

Nancy Shirley, Romulus teacher, of 36818 Goddard Rd. These three persons were reappointed.

Others were Darrell Gulley, 28295 Bonza, president of the Student Council at Romulus Senior High School; Ivan McLain, 36705 Bibbins St. and Rev. Hal Ferris, 36890 Ferndale, pastor of the United Methodist Church of Romulus.

## Lions assemble for leader dog program

More than 400 Lions assembled at the Polish Century Club, Detroit, last Wednesday, (Dec. 1) to reaffirm their dedication to the Leader Dog program, a project founded by a handful of Detroit Lions in 1939.

President Basil M. "Mickey" Briggs and Vice

Milliken had proclaimed Nov. 28 through Dec. 4 as Leader Dog Week — to call the attention of our citizens to the important program of Leader Dogs for the Blind in helping persons overcome their handicap to enjoy a life of independence.

The Leader Dog School started slowly with \$400 and a "hatful of ideas," but with dedicated supporters and staff it has grown to be the largest producer of dog guides in the world.

Lions and Leader Dogs for the Blind is a beautiful combination. Each year more applicants - from near and far, arrive at Rochester to enjoy the four-week training program - and each year Lions raise their goals to help finance the accelerated program.

Leader Dogs for the Blind will graduate 228 teams this year, a world record.

## School election scheduled

St. Anthony's Catholic Parish will conduct a school board election on Sunday, Dec. 18, Rev. Raymond S. Skoney, pastor, announced.

Parishioners who are 21 years of age and over are eligible to serve on the school board for a three-year term.

Those who are interested are asked to contact the rectory, 697-1211.

## Elwell Drama Club prepares for 'Wizard'

The plans of Mrs. Judie Adams of Belleville have become a reality and the Elwell Elementary Drama Club was formed. Her anxieties were relieved as approximately 30 energetic fifth and sixth graders pushed their way into the multipurpose room one day.

After registration the class worked with a few basic dramatic exercises which allowed them to become better acquainted with one another.

Mrs. Adams who resides at 46120 Hull Rd., Belleville, has been so encouraged by the talent and eagerness of this group that she has tentatively selected for a late spring production, "The Wizard of Oz."

Now she is working with the students through dramatic exercises and improvisations so that they may become more familiar with the stage and its various facts.

Mrs. Adams has had

department. At the present time she is a member of the Belleville Community Players, the new adult theatre group in this area.

## Livestock show planned today

The 42nd annual Junior Market Livestock Show will be held today (Wednesday), Dec. 9 and 10 in the dairy barn at the Michigan State Fairgrounds in Detroit.

One of the finest of its kind in the country, the show is sponsored by the Michigan Livestock Improvement Association and the Michigan Department of Agriculture and is open to Michigan residents 10 to 18 years of age.

Over 200 boys and girls are expected for the event, and many will take advantage of supervised housing available to them on the fairgrounds.

These quarters were

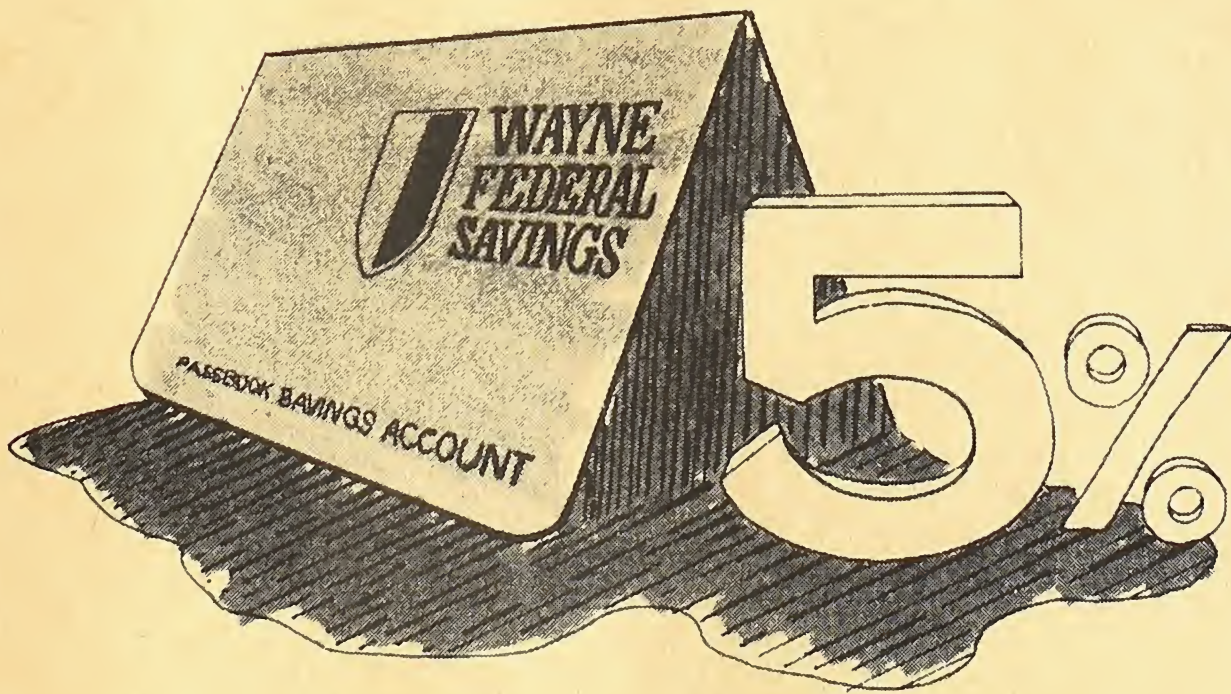

Anyone who is interested in gaining experience in stage makeup, costume design or set design and construction call Mrs. Adams at 697-6281.

Among the exhibitors is Henry Carpenter of Romulus.

The judging is scheduled on Thursday, Dec. 9 as follows: lambs, 8:30 a.m.; hogs, 10:30 a.m.; steers, 2 p.m.; and overall showmanship, 7:30 p.m. The auction sale will be held at 1 p.m. Friday.

In making the announcement, Mrs. Dorothea Mulholland, secretary of the show said, "The Junior Market Livestock Show is an excellent opportunity for all of us to see the fine animals raised by our dedicated young farmers."

The public is cordially invited to the show. There is no admission charge.

## Jaycees begin Yule tree sale

The Romulus Jaycees will be moving into full Christmas spirit early this month, kicking off the season with their annual Christmas tree sale.

This year two lots will provide trees for Romulus residents. In addition to the regular sales point at Kennedy Park, a second will be located on Eureka Road near the Diamond Point Subdivision.

Using the money from the tree sales and other Ways and Means projects, the Jaycees will then carry out projects for all ages. Those projects scheduled for December include: a senior citizens bus tour of various Christmas decorations followed by refreshments, local children's Christmas party, Jaycee Santa helpers utilizing letters to Santa and phone calls to children from Santa's helpers, and a contest for the best decorations within Romulus.

Future Romulus Roman articles will carry instructions on how to enter the decoration contest and how to have your

children contacted by Santa's helpers.

The Jaycees would like to emphasize their appreciation of the Romulus area citizens' tree purchases in previous years. This year the Jaycees traveled to Cadillac in order to purchase only top grade trees and are in hopes the Romulus people will again remember the Jaycee Christmas tree lots as the season rolls around.

## Parcel subdivided

A single parcel of land containing structures housing two business establishments in downtown Belleville has been divided into two lots with the approval of city council.

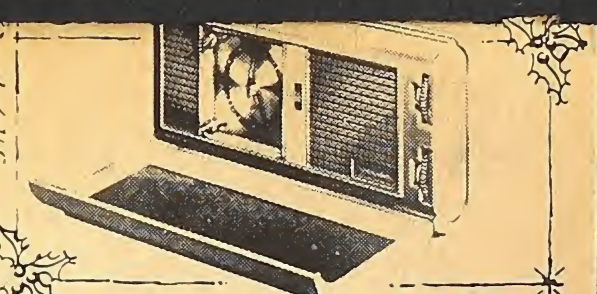

The two businesses, Cloverdale Dairy Bar, 448 Main St., and the adjacent Box Jewelry and Office Supply Store were located on the same parcel of land.

Council's action now divides the land parcel into two separate lots for tax purposes.

# Go-ahead given by PCHA for new Taylor hospital facility

The go-ahead was given last night to proceed with the design-development stage of the Peoples Community Hospital Authority's fifth facility in Taylor.

Edward H. Matthei of the E. Todd Wheeler and the Perkins and Will Partnership, architects for the Taylor Hospital, was on hand Thursday night to show the firm's schematic drawings for the \$18 million institution.

In other action, the board approved unanimously a list of guidelines to be used in answering questions from board members.

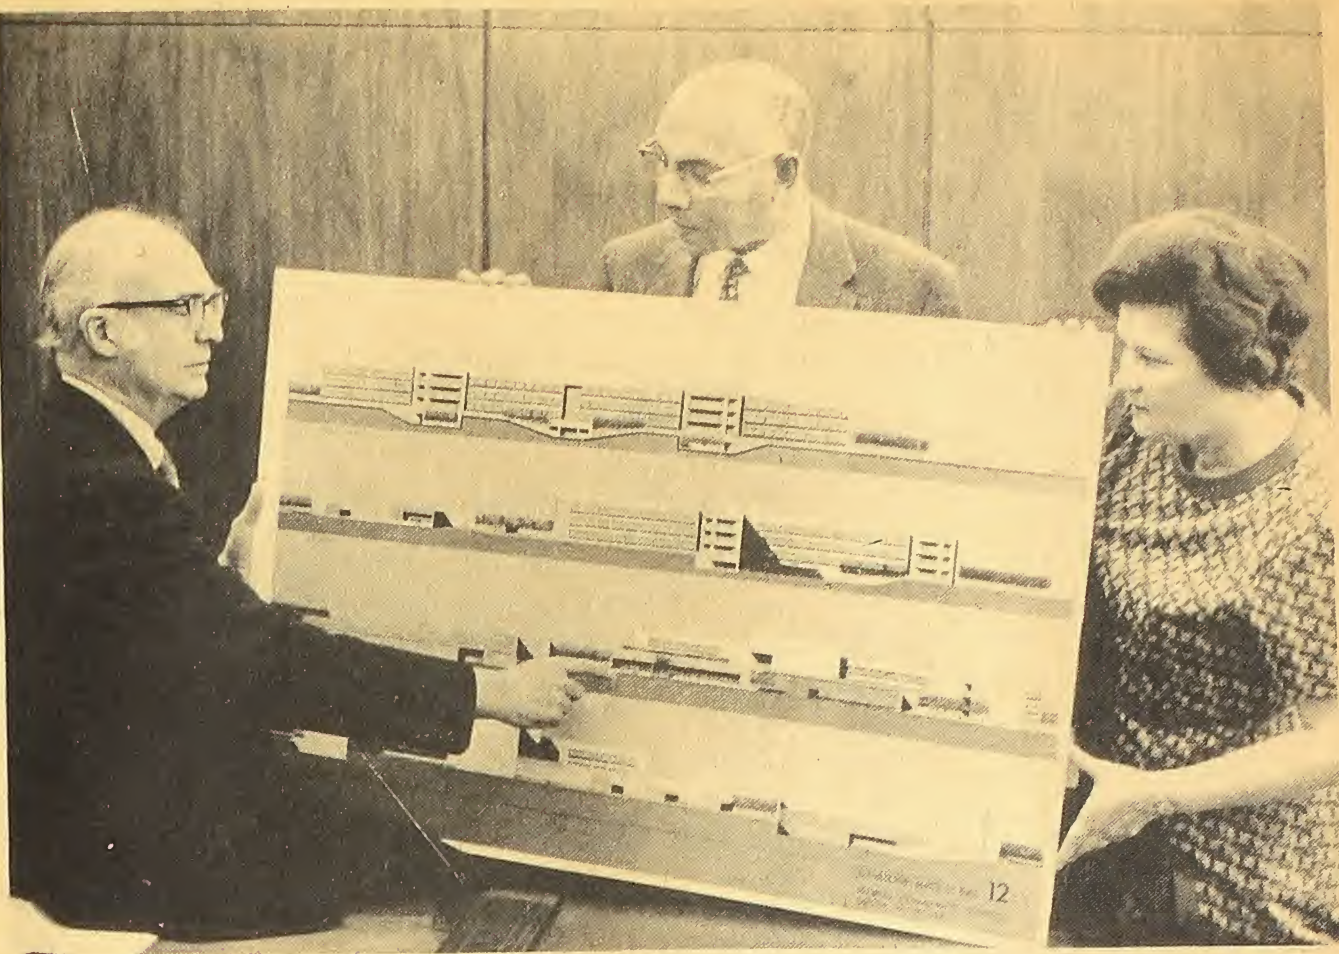

The guidelines were devised after one member, Elmer J. Parraghi, submitted two lists of questions, one numbering 20 inquiries, to executive director Dr. Karl S. Klicka.

At last month's meeting Klicka and several board members blasted the Sumpter Township supervisor for some of the questions, maintaining they were irrelevant and a waste of time. One question had requested Klicka to list his day-to-day activities during a specific time period.

Klicka had charged that the list was dictated by former executive director Kenneth Gremore, who was fired from the board in 1966.

The guidelines are three-fold, stating that: board members are encouraged to ask questions, either in committee meetings or at regular board meeting, or, if this is not possible, to the administration; that questions are welcomed by the executive director and administrators, and when they relate to an individual hospital, should be directed to the administrator; and when regarding policy matters or other, to the executive director; and when letters are addressed to the director containing "reasonable questions" pertinent to the authority's operation, they should be answered within a reasonable time, and if they are judged "unreasonable or of a personal nature," he can refer them to the operating committee for discussion and disposition.

The board approved a \$3,000 salary increase for Myles P. Lash, assistant to the executive director, who will now earn \$15,000 per year.

NEW PCHA FACILITY - Peoples Community Hospital Authority (PCHA) officials view sketches of the proposed Taylor Hospital, which were presented and approved by the PCHA board last week. Looking over the plans for the authority's fifth hospital are (from left) Dr. Karl S. Klicka, executive director, Hiram McNeely, board secretary from Inkster, and Councilman Mrs. Justine Barnes of Westland, also a board member.

## Senior citizens plan Yule shopping trip and banquet

The Belleville Senior Citizens Club met at the Edgemont Elementary School last Thursday with 35 members in attendance.

Representatives from the Town House Mobile Home Court gave a talk explaining the advantages and costs of living in one of the units.

The December birthdays were honored and cake and ice cream was served, after which the members played cards.

Nellie VanWormer has planned a shopping tour of Hudson's Downtown Store (Detroit) for Tuesday Dec. 14. The bus taking members to Detroit will leave the First United Methodist Church of Belleville at 9 a.m. and will return at 3 p.m. Members will pay for transportation and for their lunch.

Tomorrow (Thursday) there will be an important meeting for club members, when an election of officers for 1972 will be held.

The Christmas Banquet will be held in the Fellowship Hall of the First United Methodist Church of Belleville at 6:30 p.m. Thursday, Dec. 16. The club will finance the Christmas Banquet.

Last Wednesday (Dec. 1) the club took a "mystery trip," which turned out to be a very pleasant surprise. First the members were taken on a tour of the Var-E-Best Candy Manufacturing Co. in Detroit. At 1 p.m. the bus took members to Greenfield Village. Lunch was served in the cafeteria, after which the members were shown old flashbacks of the famous Mary Pickford and Douglas Fairbanks pictures in the Ford Museum Theater.

The entire film "Trming of the Shrew" was shown.

There will be no meetings for Dec. 23 and Dec. 30 due to the Christmas vacation period.

## Faust proposes committee to study authorizing drugs

A resolution calling for a special committee to study the concept of authorizing certain physicians to prescribe narcotic drugs to drug addicts has been introduced in the Michigan Senate by Senator William Faust (D-Westland).

The Faust resolution creates a five-man committee of Senate Members to thoroughly investigate the possibility of legally providing narcotic drug prescriptions for drug addicts under established psychotherapeutic treatment programs directed by licensed physicians.

to the drug problem," said Faust, "is currently in use in England with successful results. If we can study and investigate a new and tested method to help drug addicts in this state, it will be a positive step forward toward the long journey of total drug control."

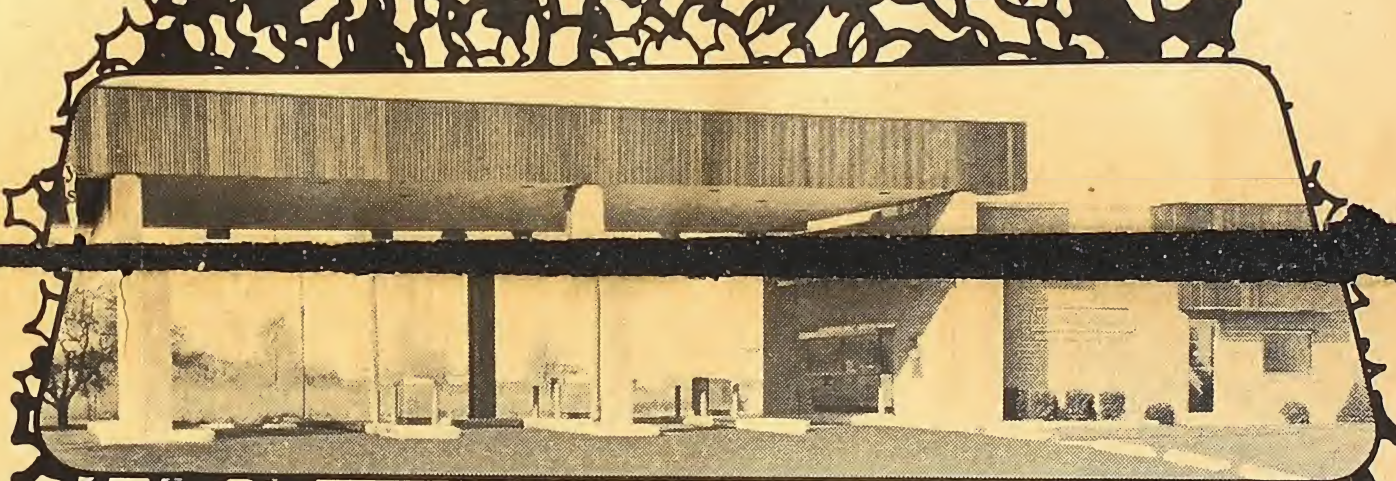

"The Senate committee," he said, "will make an in-depth study of this cure method to see if this modern approach to drug addiction can be adapted and implemented in Michigan with positive results."

drug addicts would enter the program on a voluntary basis, they would no longer have to seek and pay exorbitant rates for illegal drugs, thus resulting in a reduction of criminal acts in order to support their illness.

"Throughout Michigan," he said, "drug sales continue to rise while drug abuse and related crimes against people and property are also rising at an alarming rate. Even though federal and state agencies have used the traditional deterrents of jail sentences and fines, they have not been able to contain these increases."

This innovative approach Faust said that although

## Pupils study time

The fourth graders at the Edgemont Elementary School, Belleville, had a lot of time on their hands in a recent unique class project.

The students were studying the various time telling instruments used in other parts of the world.

Mrs. Pat Kissel, fourth grade teacher, reported that the class used an "old timer clock" and a new clock to give the students the special first hand knowledge they need in learning how to tell time.

Tom Eurich Sr. and his son, both of Dearborn, donated the two clocks, which are valuable class training aids. The senior Eurich is the owner of the Eurich Furniture Store, Dearborn. He has a very large collection of clocks - some new - but most part of a huge personal collection of old clocks and time pieces.

## Do-it-yourselfers can chop down own tree

Over half a million Christmas trees are available for persons or families wishing to cut their own this year at a Southeast Michigan farm, according to the Automobile Club of Michigan.

A trip to cut a tree can range anywhere from an hour to an all-day event for Detroit-area residents.

Auto Club points out that some families pack picnic lunches to be eaten at a park on the way to or from a Christmas tree farm. The time spent hunting for a tree by do-it-yourself choppers can also be extended by taking advantage of free sleigh or wagon rides which some farms offer.

Before visiting a cut-your-own tree farm, Auto Club

advises that these items be obtained: money for the tree, rope to tie the tree to the car or hold the trunk lid down, rags to protect the car from the tree and a saw. Axes are impractical for cutting a tree and are not allowed at some farms.

The following listing gives names, addresses, phone numbers (all 313 area unless stated otherwise), types and cost of trees and other information concerning the 14 tree farms shown on the map:
